Semi-annual Social Monitoring Report

Lower Kopili Hydro Electric Project, Assam Reporting Period: January to June 2023

CONTENTS

CHAPTER 1. EXECUTIVE SUMMARY	4
1.1 SUMMARY OF PROJECT IMPACTS & PROGRESS 120 MW LKHEP	6
1.2 220 KV TRANSMISSION LINE	6
1.3 PHYSICAL PROGRESS.....	8
1.4 PROGRESS TOWARDS LA & R&R	9
CHAPTER 2. INTRODUCTION	10
2.1 BACKGROUND.....	10
2.2 SCOPE OF REPORT.....	10
2.3 DESCRIPTION OF PROJECT.....	10
2.4 SALIENT FEATURES: CONTRACT DETAILS FOR CIVIL WORKS.....	17
2.5 PROJECT OBJECTIVES AND OUTCOME	19
2.6 PROJECT IMPLEMENTATION ARRANGEMENTS	20
2.7 APPOINTMENT OF ADMINISTRATOR AT STATE LEVEL	20
2.8 COMMISSIONER FOR REHABILITATION AND RESETTLEMENT	20
2.9 THE PROJECT MANAGEMENT UNIT.....	21
2.10 SOCIAL AND ENVIRONMENTAL SAFEGUARDS CELL AT PMU	21
2.11 PROJECT MANAGEMENT CONSULTANTS	23
2.12 IMPLEMENTATION SUPPORT -NGO.....	23
2.13 CO-ORDINATION COMMITTEE AT PMU LEVEL.....	26
2.14 FACILITATION COMMITTEE AT GM LANKA LEVEL	26
2.15 EXTERNAL MONITORING CONSULTANT	26
2.16 JFPR CONSULTANT	26
CHAPTER 3. PROJECT STATUS	27
3.1 STATUS OF PROJECT IMPLEMENTATION.....	27
3.2 STATUS OF PROJECT RESETTLEMENT ACTIVITIES	28
CHAPTER 4. PERFORMANCE MONITORING	33
4.1 COMPLIANCE WITH LEGAL AND POLICY REQUIREMENTS	34
4.2 COMPLIANCE WITH SOCIAL SAFEGUARD COVENANTS	35
4.3 GENDER	35
4.4 COMPLIANCE WITH CRTDP REQUIREMENTS	42
4.4.1 Scope and Type of Land for Project Components.....	42
4.4.2 Land Requirement for Various Project Components.....	43
4.4.3 Loss of common/government properties	43
4.4.4 Present status of the affected CPRs.....	44
4.4.5 Tasks to be done for Relocation	46
4.4.6 Provisions available in approved Entitlement Matrix	46
4.4.7 Impacts on Structures (Residential and others Type).....	46
4.5 ACTUAL IMPACTS AND IMPACT ASSESSED IN CRTDP	47
4.6 STATUS OF PAYMENTS OF COMPENSATION.....	48
4.7 STATUS OF PAYMENTS OF R&R ASSISTANCE/ALLOWANCES	49
4.8 RESTTLEMENT SITE DEVELOPMENT PROGRESS.....	50
CHAPTER 5. GRIEVANCE REDRESSAL MECHANISM	51
5.1 GRIEVANCE REDRESS PROCESS.....	51
5.2 OTHER PATHS TO REDRESSGRIEVANCES.....	51
5.3 CONSITUTION OF GRC.....	52
5.4 PRESENT STATUS OF GRIEVANCES IN DIMA HASAO DISTRICT	54
5.4.1 GRC Record-Keeping:.....	57
5.4.2 GRM Costs	58
5.4.3 Meetings of GRC.....	58
CHAPTER 6. STAKEHOLDER ENGAGEMENT	59
6.1 STAKEHOLDER ENGAGEMENT PROCESS.....	59
6.2 CONSULTATIONS CONDUCTED DURING CRTDP PREPARATION.....	59
6.3 CONSULTATIONS DURING CRTDP IMPLEMENTATION.....	61

6.4	AWARENESS ACTIVITIES	63
6.5	STAKEHOLDER CONSULTATIONS	63
6.6	COMMUNITY MEETINGS CONDUCTED BY THE CRTDP IMPLEMENTING NGO	79

LIST OF ANNEXURES

Annexure 1	:	Notification of Appointment of Administrator at State Level
Annexure 2	:	Co-ordination Committee Constituted at PMU Level
Annexure 3	:	Facilitation Committee Constituted at PIU Level
Annexure 4	:	Office order regarding constitution of the GRC
Annexure 5	:	Office order regarding constitution of the GRC & Amendment
Annexure 6	:	Consultation and Awareness organised by CRTDP Implementation NGO
Annexure 7	:	Entitlement Matrix (CRTDP)
Annexure 8	:	MoM of the Grievance Redressal Committee held on 24/01/23
Annexure 9	:	Short Report & Attendance on awareness on Health & Hygiene

CHAPTER 1. EXECUTIVE SUMMARY

1. The Lower Kopili Hydroelectric Power (LKHEP) presently under implementation would serve the growing demand for electricity in the state of Assam, sustain a healthy share of renewable energy in the Assam grid, and assist in moderating the delivered cost of power for distribution companies. The proposed LKHEP will use the hydropower potential of the Kopili River, a south bank tributary of the Brahmaputra River. LKHEP is designed to operate as a run-of-river power plant with diurnal storage with a total capacity of 120 megawatts (MW) comprising a main plant rated at 110 MW and an auxiliary plant rated at 10 MW. The main plant would receive water diverted at the dam to be built in Longku on Kopili River, while the auxiliary power plant is located at the bottom of the dam at Longku, using water released at the bottom of the dam to maintain the minimum river flow downstream of Longku.

2. Assam requires additional generating capacity to fulfil the needs of the state to uplift the state economy, to serve the unmet needs of existing customers, and to complete the household electrification. This additional generating capacity being of lower cost, allowing the state to continue to maintain the present generation costs, or even reduce such costs. Compared with oil, gas and coal, the three other primary energy options available to Assam to enhance its generating system, hydroelectric generation provides a lower cost, and environmentally less polluting resource. LKHEP fulfils a portion of such needs. With several hydropower plants planned, amidst increasing capacity of thermal generation, Assam can maintain the share of hydropower capacity in the range of 33%, which is higher than the national average for hydropower capacity.

3. The Project affects 17 villages under the jurisdiction of two autonomous districts (Dima Hasao and Karbi Anglong) with 1214 tribal households respectively. The Project will acquire 1,577 hectares (Dima Hasao Revenue Land -909, and Forest land 478 Hectares, Karbi Anglong Revenue Land - 45 and Forest Land - 145 Hectares) of land of which about two-thirds are leaseholds and the remaining of land are state forests. The Project is in a 'non-cadastral' area, that is, no land or revenue records are available other than the data on the leased land parcels to tribal persons. All affected lands in the two ADC are classified as either patta (registered) land or as non-patta land or 'village commons. Farmers cultivate paddy under rain-fed conditions on some of the patta land which have been obtained on a long-term lease (5 years or more). On non-patta lands which have been obtained on short-term lease (one year) villagers' practice jhum (slash-and-burn) cultivation. The leaseholds are also classified by the land use type such as paddy land, dry land, jhum land (slash and burn) land, and homesteads. In Karbi Anglong Autonomous District, some

land is in the category of 'plantations' where cash crops such as bananas are cultivated.

4. There is various mitigation measures adopted for the Project in terms of entitlements at both household level and community level. The entitlement matrix of the CRTDP summarizes the entitlements of the affected families and communities. It aims not only to compensate land losses and restore livelihoods and sources of income of the affected households but also to improve them. The key mitigation measures proposed at household levels are cash compensation for land and crops acquired; resettlement of physically displaced households; household income restoration and improvement; infrastructure and other amenities at the resettlement site. The mitigation measure proposed at community level is the local area development program.

5. APGCL has already disseminated resettlement information among the Affected Families (AF) through public meetings, calling AFs representatives to Guwahati for Project meetings and to meet Government of Assam (GoA) and Autonomous District Councils (ADC) officials. The APGCL held several meetings in the project area with the support of Lower Kopili Hydro Electric Power Project Affected Persons' Associations (LKHEPPAPA) and Gaon Bura of the villages to create awareness about the Project among the potential AFs. It will disseminate more resettlement and income restoration and improvement information among all AFs through brochures, leaflets, and booklets written in local languages. For non-literate people, other communication methods such as small group discussions and posters will be used to disseminate Project and resettlement information. The summary draft CRTDP has been translated into Assamese language and has been disseminated to the AFs in the form of leaflet in April 2018 during consultations.

6. PMC was already recruited to assist APGCL in implementing the project. Additionally, APGCL has already been hired an implementing NGO to assist Social and Environmental Safeguard Cell (SESC) in safeguard implementation, especially the implementation of livelihood restoration and improvement programs. The main objectives to engage the NGO(a) to update the socioeconomic surveys for all the AFs based on the final design and final list of AFs, and will update the draft CRTDP; (b) design an environmental and social management system for the implementation of the CRTDP; (c) improve the monitoring framework with accurate monitoring indicators for safeguard performance monitoring; (d) update socioeconomic baseline information; (e) undertake field studies, if required, to fill in gaps in socioeconomic databases; and (f) assist the establishment of the grievance redress mechanism and its operations.

7. External Monitoring Consultant (M/s Feedback Infra Private Limited, AQUALOGUS – Engenharia e Ambiente, Lda. & Jade Consult Pvt. Ltd. and JFPR implementation agency M/s RMSI are also onboard and has started the monitoring and support to the APGCL.

8. The present semi-annual social monitoring report is covering period from January to June 2023. All the progress achieved in implementation of CRTDP have been captured in this report.

1.1 SUMMARY OF PROJECT IMPACTS & PROGRESS 120 MW LKHEP

9. The 120 MW LKHEP project has the following impacts on the land, properties, trees, and crops etc. table below presents the actual impact due to the project. The below **Table 0-1: Summary of Project Impacts** presents the village wise impacts on land, structures, trees, and corps.

Table 0-1: Summary of Project Impacts

SL. No.	Village	Impacts			
		Land (Bigha)	Structures	Trees	Crops & Plants
1	Borolangklam	1127.50	0	1570	116264
2	Borolongku	1328.60	15	1580	395033
3	Chotolongku	89.90	4	320	46206

1.2 220 KV TRANSMISSION LINE

10. The Construction Of 220 KV DC Transmission Line from Lower Kopili Hydro Electric Project to Sankar Dev Nagar Grid Substation project has the following impacts on the land, properties, trees, and crops etc. **Table 0-2: Summary of Project Impacts in Package 4 (Foundations)** below presents the impact due to the transmission line. The final figure may be changed as some of tower location yet to be done.

Table 0-2: Summary of Project Impacts in Package 4 (Foundations)

SL. No.	Village Name	District	No. of Towers	Land Affected (in Bigha)
1	Pam Gaon	1/0 TO 7/2	10	0.778
2	Ampukhuri	8/0 TO 8/1	2	0.206
3	Lokhipur	9/0 TO 11/0	3	0.360
4	Paschim Bhaluk Mari	11A/0	1	0.122
5	Paschim Bhaluk Mari	12/0 TO 14/0	5	0.469

26	Chotolangpher	75/0 TO 81/1	9	0.892
27	Disabra	82/0 TO 87/0	7	0.652

SL. No.	Village Name	District	No. of Towers	Land Affected (in Bigha)
	Sub-total - Dima Hasao		77	6.424
G. Total of 220 KV Transmission Line			156	13.266 (1.78 Ha)

1.3 PHYSICAL PROGRESS

11. The physical progress is summarised below.

Details of Packages	Start Date	End Date	Physical Progress	Remarks
Pkg-1 (Bldg. & infra)	1st Nov-22	30 th Apr-24	11.0%	M/s. BVG India Ltd. Bills-under process
Pkg-2 (Roads, Civil & HM)	1 st Sep-20	31 st Aug-24	47.1%	M/s. L&T Ltd. Excluding under process bills 3.8 %
Pkg-3 (EM Works)	12 th Nov-21	13-Mar-25	24.0%	AHPL. Under process 1 %
Pkg-4 Transmission Line	1 st Jun-22	12 th Dec-23	49.4%	M/s. Salasar Techno Engg Ltd. JV with Akelik Group OJCS - 20 th Apr'22 Contract Signed - 27 th May 2022.
Pkg-5 PMC – Services	1 st Jul-20	30 th Jun-24	62.0%	AF Consultant Switzerland Ltd.
Pkg-6 ERP -Packages	31 st Jul-19	30 th Jun-24	Ongoing	Lot-4, NoA issued on 27 th Dec'22.
Pkg-7 External Monitoring +RMSI	24 th Dec-21	23 rd Dec-27	Ongoing	Feedback JV Jade Consult. & AEA (4 Yrs Con + 2 Yrs Operation)
R&R, Forest, Contingency & Misc.			Ongoing	297 Cr expenditure done.

1.4 PROGRESS TOWARDS LA & R&R

12. The CRTDP implementation is in progress and compensation of Land and Zirat has already been paid to all affected land holders. R&R Assistancess payment is in progress. Table below presents the status of land and other payments in all the packages for affected land holders.

Details of Compensation	Total	Payment (In Cr.)			% Completion Till Date	Total Compensation paid (In Cr.)	Remarks
		Done	Under process	Yet to be done			
Land Compensation of Dima Hasao	1376	1369	0	7	99.49%	₹ 44.69	Payment is pending of 7 govt. properties.
R & R Payment of Dima Hasao	954	941	0	13	98.63%	₹ 51.74	Payment is pending due to non-receipt of Signed ID cards, Legal heir certificate etc.
Land Compensation of Karbi Anglong	231	231	0	0	100.00%	₹ 7.05	Payment Completed.
R & R Payment of Karbi Anglong	214	160	0	54	74.42%	₹ 8.80	54 PAFs payment are pending due to non-receipt of supporting documents.
220KV Line Land Compensation*	189	102	0	87	53.97%	₹ 0.34	Survey under process, 174 nos. NOC received so far. 15 nos. of Towers have ROW problem as reported by M/S STEL. NOC is yet to be received in these 15 locations.

**Survey and Payment are parallely under process, data will further update until completion.*

CHAPTER 2. INTRODUCTION

2.1 BACKGROUND

13. The purpose of this semi-annual Social Monitoring Report (SMR) is to monitor the progress of Combined Resettlement and Tribal Development Plan (CRTDP) and record social, economic, and cultural aspects of the proposed Lower Kopili Hydro Electric Project (LKHEP) area and its affected communities. The SMR will also cover the progress and achievements in implementation of Gender Action Plan. A key monitoring area of the report is to obtain the Affected Families (AFs) to benefit from the Project; and to restore and improve their livelihoods and sources of income. It is also examining the institutional arrangements for delivering entitlements and project benefits to the AFs and other stakeholders. Function of GRC and the adopted mechanism for resolving grievances and complaints will also be briefed in the SMR.

14. The executing agency (EA) of LKHEP is Assam Power Generation Corporation Ltd (APGCL). It pays for land acquisition and compensation, relocation of the AFs, and their income restoration and improvement. APGCL through its PMU, PMC and implementing NGO will be implementing the CRTDP.

2.2 SCOPE OF REPORT

15. Prior to initiation of civil works, the social impact was assessed and classified as per ADB SPS 2009 as Category 'A' for both Involuntary Resettlement and for Indigenous Peoples. The compensation and entitlement matrix are based on the resettlement planning documents of 2018. Land compensation is completed in Dima Hasao and Karbi Anglong. The payment of R & R assistance has been made to most affected families in Dima Hasao District; however, the Socio-economic and census survey has not yet been initiated in the Karbi Anglong District due to certain unavoidable circumstances. The scope of this semi-annual report is to explore the progress of the resettlement and assess the status of the CRTDP implementation. The prerequisite of the internal social safeguard monitoring activities is focusing on the status of implementation of the social safeguard issues, effectiveness in implementation of the social program and provision of feedback and suggestions for the full compliance with ADB and Government of Assam rules and regulations.

2.3 DESCRIPTION OF PROJECT

16. The Assam State Electricity Board (ASEB), The Northeastern Electric Power Corporation (NEEPCO), and APGCL have contributed to the development of plan for Kopili River Valley in 1980. The GoA in 2006 appointed APGCL to finalize the project plan and implement it. A DPR was prepared, and

clearance obtained from various directorates including from the Central Electricity Authority (CEA) and Central Water Commission (CWC).

17. The dam proposed to be built at Longku will be a concrete gravity dam, of height 70 meters (m) and width 345 m. The crest of the dam will be 232.5 m above mean sea level (MSL). The dam will create a reservoir at Longku with a spread of 552 hectares (ha) as per preassessment, with live storage of 77 million cubic meters. A tunnel will be excavated to deliver the water from the reservoir to the main power plant. Water from the intake to the main power plant enters the tunnel of diameter 6.65 m on the right bank of the Kopili River. This tunnel will be 3.6 kilometre (km) long. At the end of this low-pressure tunnel, water will enter the pressure shaft. The pressure shaft will be circular of 5.2 m diameter, steel lined, with a length of 704 m. The pressure shaft will deliver water to two steel penstocks each of length of about 60 m, which in turn would convey water to the turbines. Water to the auxiliary power plant will be taken directly along a steel-lined circular pressure shaft of diameter 2.7 m and of length 70 m, and delivered to the turbine through three steel penstocks, each about 30 m long. The designed discharge capacity is 112.7 cubic meters per second (m/s), at a flow velocity of 3.13 m/s.

18. The Kopili River is a tributary of the Brahmaputra River. It originates in the Borail Hill Range of Meghalaya, the catchment of the Kopili River lies on the leeward side of the Borail, Khasi and Jaintia Hill ranges. Good amount of rainfall keeps it as Perennial River. Lower Kopili Hydro-Electric Project (LKHEP) is a run of the river scheme with diurnal storage on the Kopili River at Longku in east of Karbi Anglong and west of Dima Hasao Assam districts. The project is envisaged to run at full potential in monsoon season and operate as a peaking station in non-monsoon season. The total installed capacity is 120 MW, generated by Main Powerhouse with 2 units of 55 MW installed capacity each, and an Auxiliary Powerhouse with 3 units of 2.5+2.5+5.0 MW installed capacity.

19. The LKHEP is part of stage development of the Kopili River valley near Longku village, with the Dam site at 25°39'57.39" N and 92°46'53.62" E and the Powerhouse site at 25°41'54.02" N and 92°48'15.98" E. The first stage, which is upstream of the LKHEP, comprises of 3 x 25 MW Kandong HEP and 4 x 50 MW Kopili HEP.

20. The project location and lay-out plan are shown in **Figure 1: Project Location Map (Source: Google Maps)** and **Figure 2: Project Lay-out Plan (Source: APGCL)**. **Figure 3: Layout of Transmission line (Google earth)** and **Figure 4: Layout of Transmission line (Toposheet)** showing the final route plan of the 220 KV Double Circuit Transmission Line from Lower Kopili

Hydroelectric Project to Sankardev Nagar Grid Substation.

21. The Project can be reached by NH-52 Guwahati – Lanka Road and from Lanka to Umrangso i.e., Project Site Road (~155km+~48km). Besides the Power Plant Complex, LKHEP includes 14 new Access Roads within the Project Site Area for access to various Project components.

Package-4: Construction of 220 KV Double Circuit Transmission Line from Lower Kopili Hydroelectric Project to Sankardev Nagar Grid Substation	<ul style="list-style-type: none"> ➤ Contract Agreement was signed with M/s. Salasar Techno Engineering Limited (Lead Partner) and M/s. Akelik Group (JV Partner) ➤ Construction of 220 KV Double Circuit Transmission Line from Lower Kopili Hydroelectric Project to Sankardev Nagar Grid Substation on Turnkey Basis. ➤ Contractor to identify impacts related to IR as per Resettlement and IPP (RIPP) prior to commencement of works. ➤ TKC Contractor has mobilized during the Monitoring Period and established the operational office and store at Madap Bazar (near 	27/05/2022

	<p>Kheroni Chariali) between Lanka and Longku.</p> <ul style="list-style-type: none"> ➤ The transmission line is passing through 3 districts i.e., Dima Hasao, West Karbi Angling and Nagaon (sub-division Hojai). ➤ For 22 different types of towers, land and Zirat proposals have been submitted. The same were under review and verification by APGCL during the monitoring period. ➤ ADB safeguard mission has raised the concern about the early payment of the land and assets to affected landowners and sharecroppers etc. ➤ For monitoring and incorporating the progress towards the Environmental and Social progress, PMC has directed to initiate the reporting as per the present reporting schedule. So far, land compensation has been paid to 46 project affected persons in Dima Hasao district. 	
--	---	--

2.5 PROJECT OBJECTIVES AND OUTCOME

23. Assam requires additional generating capacity to fulfil the needs of the state to uplift the state economy, to serve the unmet needs of existing customers, and to complete the household electrification. This additional generating capacity requires to be of lower cost, allowing the state to continue to maintain the present generation costs, or even reduce such costs. Compared with oil, gas, and coal, the three other primary energy options available to Assam to enhance its generating system, hydroelectric generation provides a lower cost, and environmentally less polluting resource. LKHEP fulfils a portion of such needs. With several hydropower plants planned, amidst increasing capacity of thermal generation, Assam can maintain the share of hydropower capacity in the range of 33%, which is higher than the national average for hydropower capacity.

24. The proposed Tranche 3 project has three outputs: (i) construction of the 120 MW Lower Kopili hydroelectric power plant; (ii) strengthening of institutional capacity of Assam Power Generation Corporation Limited (APGCL); and (iii) improving resource management and community resilience along the Kopili River. The 120 MW Lower Kopili Project has a very important

role in electricity demand for the Assam state as described in **Table 2-2: Importance of 120 MW LKHEP.**

Table 2-2: Importance of 120 MW LKHEP

✓	<i>The outcome of the project will be increased capacity of energy generation in Assam, where electricity generation will be increased by 469 gigawatt-hour/year (GWh/year).</i>
✓	<i>Greenhouse gas generation from electricity generation will decrease by 360,000 total carbon dioxide (tCO₂)/year from 2024 onwards.</i>

2.6 PROJECT IMPLEMENTATION ARRANGEMENTS

25. The Department of Energy of GoA will coordinate all project activities at the state level. APGCL is the executive agency (EA) of the project. It has already established a Project Management Unit (PMU). The implementing Agency (IA) of the project is also APGCL. APGCL and the NGO contracted for safeguard implementation are responsible for the application of environmental and social safeguards to the project including proper implementation of various components of the CRTDP.

2.7 APPOINTMENT OF ADMINISTRATOR AT STATE LEVEL

26. State Government of Assam has already notified an officer not below the rank of Joint Collector or Additional Collector or Deputy Collector or equivalent official of Revenue Department, who will be responsible for the implementation of CRTDP (R&R Plan) at the State Level. This has already been established and a copy of the government order to this is attached in Annexure 1.

27. Administrator shall, to function efficiently and to meet the timeframe of CRTDP, be provided with such powers, duties and responsibilities as may be prescribed by the appropriate Government. Administrator will also be provided with office infrastructure and be assisted by officers and employees appointed by the appropriate Government.

28. Subject to the superintendence, directions and control of the Appropriate Government and the Commissioner for Rehabilitation and Resettlement, the formulation, execution and monitoring of the Rehabilitation and Resettlement Scheme shall vest with the Administrator.

2.8 COMMISSIONER FOR REHABILITATION AND RESETTLEMENT

29. The state government shall appoint an officer of the rank of commissioner or secretary of that government for resettlement and rehabilitation of affected households under the Act of 2013. They will be called the commissioner for rehabilitation and resettlement. The Commissioner shall be responsible for supervising the formulation of rehabilitation and

resettlement schemes or plans and proper implementation of each scheme or plans. The Commissioner shall be responsible for the post implementation social audit in consultation with the Gram Sabha in rural areas and municipality in the urban areas.

2.9 THE PROJECT MANAGEMENT UNIT

30. APGCL and its PMU will work closely with the administrator and commissioner and get the necessary directions from them. PMU will send all documentation to the administrator and commissioner for approval and guidance. PMU will be responsible for day-to-day implementation and monitoring of the project including CRTDP. It covers all aspects of the project construction including compliance with safeguard requirements. APGCL has appointed a full-time project director to head the PMU. Administrative staff, project engineers, financial officers, the social and environmental safeguard cell, and the communication unit will assist the Director.

2.10 SOCIAL AND ENVIRONMENTAL SAFEGUARDS CELL AT PMU

31. The Project Director cum Chief General Manager, Project Planning & Implementation (CGM, PP&I), APGCL, is leading and responsible for overall implementation of social and environmental safeguards. PMU already has a dedicated social and environmental safeguards cell (SESC) with a qualified full-time environment specialist and a qualified full time social safeguard specialist. The SESC will keep close contacts with head of PMU of APGCL regarding safeguard application and its progress. SESC oversees coordination, preparation, implementation, and monitoring of the approved CRTDP.

32. It will assist PMCs to develop an environmental and social management system, and APGCL in updating and implementing CRTDP. The SESC will work with PMCs for overall management of social and environmental safeguards application. SESC facilitates land acquisition and compensation, relocation and resettlement, distribution of assistance to the AFs and supervision of income restoration and rehabilitation programs of the project. It will also be responsible for monitoring the implementation of all resettlement and rehabilitation activities, including land acquisition and compensation. APGCL has already established the PMU with designated staff on social and environment safeguards on a full-time basis, details are mentioned in the table below:

Table 2-3: Details of Environmental and Social Experts in PMU

Name	Position
Dr. Deepak Kr. Baruah	Environmental Expert
Mr. Pankaj Hazarika	Social Expert

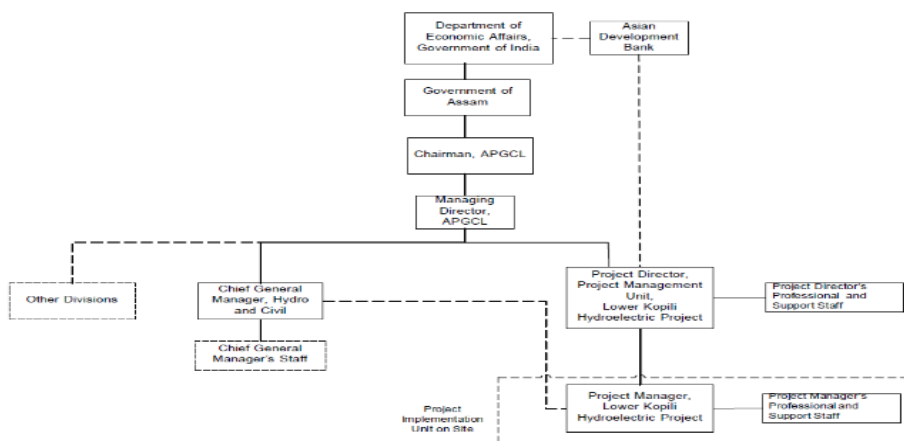

33. The responsibilities of SESC include:

- ✓ Responsible for all land acquisition activities and keeping records of land acquired, compensation paid, and when land was physically taken over for the Project.
- ✓ Liaison with the State and District levels departments and agencies to facilitate the AFs’ access to services and income generating programs that are already in place.
- ✓ Coordinate the delivery of cash compensation and resettlement assistance to all entitled persons.
- ✓ Provide social development perspectives and inputs to on-going project design and implementation by working closely with project planners, contractors, and construction supervision consultants.
- ✓ Link the project with State government agencies, PWD field units and the impacted communities.
- ✓ Coordinate with the two ADCs regarding social development and resettlement operations; and support the NGO contracted and local community organisations such as PAPA who representing the AFs; and engage skill training services, oversee the grievance redress mechanism, monitor CRTDP implementation, and cooperate with planned project evaluations.
- ✓ If a panel of experts (POE) is appointed during project implementation, facilitate its monitoring and evaluation programs.

34. The proposed organisation structures as provided in PAM are presented in following figure:

Figure 5: Project Organization Structure

Source: PAM and as per the MOM of the interface meeting dated 24th January 2022.

2.11 PROJECT MANAGEMENT CONSULTANTS

35. APGCL has recruited the project management consultants (PMCs) to implement the project. In relation to safeguard compliance, the following actions are being carried out by PMC's social and Environmental Safeguard Experts **Table 2-4: Details of Environmental and Social Experts in PMC** who are based at project site i.e., Longku:

Table 2-4: Details of Environmental and Social Experts in PMC

Name	Position
Dr. Jayanta Das	Environmental Expert
Mr. Sangram Singh	Social and Resettlement Expert

36. PMC prepares monthly progress reports on progress of CRTDP implementation and will ensure compliance in consultation with the Social and Environmental Safeguard Cell (SESC) on social, resettlement, and environmental aspects of the project including the progress in redressing AFs' grievances and complaints. PMC social and resettlement safeguards specialists is assisting in preparation of the semi-annual monitoring report and will submit to PMU and PMU will submit it to ADB.

2.12 IMPLEMENTATION SUPPORT -NGO

37. APGCL has hired an NGO, M/s. Consultants for Rural Area Development Linked Economy, (CRADLE), in joint venture with Gramya Unnayan Santha to support updating of CRTDP, and to implement it. The signing of contract and the commencement was on 13th November 2019 and 28th November 2019 respectively. The following **Table 2-5: Details of Key Experts and Support Staff in NGO team** presents the proposed for implementation of CRTDP.

Table 2-5: Details of Key Experts and Support Staff in NGO team

Name	Position	Remarks
Key Professional		
Mr. Ashok Kumar Sah	Team Leader	Providing his input from Lanka and field office.
Mr. L.P. Singh	Social Development Expert Cum R&R Specialist	Providing his input from Lanka and field office.
Mrs. Sumana Das	Communication Specialist	The concerned expert is to render crucial inputs as per project requirements but found to be irregular and hence project progress is being suffered, especially towards the gender

Name	Position	Remarks
		action plan implementation and consultation and awareness.
Mr. Mukut Deka	Training cum Livelihood Specialist	The concerned expert inputs are handling the important aspect. Draft Livelihood plan has been submitted to APGCL.
Non-Key Expert		
Mr. Karuna Bora	Field Coordinator cum Community Worker	Fi staff is available as per the requirement of the project.
Mr. Rupak Debnath		

38. The NGO is providing day-to-day implementation support to APGCL in addressing safeguard issues at the field level. The role of the NGO focuses on three activities (i) collection of additional baselines information from surveys, if required after the detailed design and final layout of the project is completed; (ii) assist PMU to implement CRTDP as per its entitlement matrix, distribution of identification cards to the AFs, disbursement of entitlements including compensation, and allowances to eligible AFs as per CRTDP; and (iii) raising awareness among the AFs, and dissemination of project information relating to land acquisition, compensation and resettlement planning and AFs' entitlements.

39. The NGO is also facilitating the AFs to submit the grievance applications (if any) to be resolved within the framework of Project's GRM. The Social Safeguards Expert of SESC is monitoring from PMU whereas Social and Resettlement Expert, PMC is supervising day-to-day activities of the NGO at project site. The NGO is working as a link between the AFs and APGCL. NGO as per terms of the ToR, are educating AFs on income restoration avenues and improvement measures including ensuring that the AFs use cash compensation in productive investments. Broad objectives of the NGO are:

- Identification, verification and updating of AP Census based on the final list and final design for updating the CRTDP.
- Develop micro plans in consultation with the AFs and PMU staff.
- Educate the AFs on their entitlements, and obligations.
- Prepare and distribute Project Identity Cards. All eligible project affected families will be given Identity Cards.
- Ensure that the AFs receive their entitlements. The NGO will provide advice to AFs on benefits of various income restoration options and assist them in getting benefits from various government development programs.
- The NGO will help the affected households to derive maximum benefits from the project without losing their livelihoods and with least impacts on

sociocultural aspects of their lives.

- Assist the AFs to use the GRM.
- The present scenario of the deployment and other status provided in **Table 2-6: Status of NGOs inputs:**

Table 2-6: Status of NGOs inputs

Sl. No.	Activity/agreed terms in CRTDP	Present Status	Remarks
1	The NGO staff is supposed to be stationed at the project site and regularly update the baseline information through group meetings and village-level meetings. Such meetings will be the arena to consult the AFs and to inform about the project's progress and the delivery of their entitlements.	In the monitoring period there were some challenges faced due to the pandemic restrictions imposed by GoA. Key staff mobilisation was difficult because of Covid-19 restrictions.	NGO advised to establish office at Longku for assigned activities and easy access by AFs and APGCL/PMC.
2	The frequency of meetings will depend on the requirements of the progress of implementation of CRTDP; however, at least once a month, the affected households will be met by the NGO and rendered relevant support as well update them on projects progress.	Meetings are being carried out by NGO, but these are not on regular basis.	NGO is advised to conduct the regular meetings with AFs and particularly with Women. Livelihood restoration program requires more close interaction with the targeted group.
3	NGO will arrange meetings with all stake holders including revenue department, APGCL to effectively update IA on the	Meetings with key stakeholders are not conducted by NGO.	NGO to apprise other stakeholders on key issues and feedback documented for effective implementation of the

	project's progress and discuss key issues needing urgent attention.		CRTDP program.
--	---	--	----------------

2.13 CO-ORDINATION COMMITTEE AT PMU LEVEL

40. In a review meeting chaired by Hon'ble Chairman, APGCL has directed for constitution of a Co-ordination Committee. The same has been constituted vide No: APGCL/LKHEP/PD/2017-18/21/Part-1/Part file-1/126, dated: 11.11.2022 for Lower Kopili Hydro Electric Project to facilitate consultation between Affected Peoples (APs), APGCL, District Council and NGO for discussion of APs problem regarding Land Acquisition, Rehabilitation & Resettlement and other aspects relating to Livelihood restoration and hence smooth implementation of CRTDP. The CRTDP implementation NGO will facilitate consultation between the APs, APGCL and District Councils at the field offices and with the APs as and when required to discuss the implementation of CRTDP. The office order has been provided as Annexure-2.

2.14 FACILITATION COMMITTEE AT GM LANKA LEVEL

41. In addition to the above coordination committee, to support this committee and for smooth implementation of local area development plan, gender action plan, livelihood plan etc, a Facilitation Committee. The same has also been constituted dated: 25.11.2022 for Lower Kopili Hydro Electric Project to facilitate CRTDP implementation. The office order has been provided as Annexure-3.

2.15 EXTERNAL MONITORING CONSULTANT

42. Apart from this, External Monitoring Consultant (M/s Feedback Infra Private Limited, AQUALOGUS – Engenharia e Ambiente, Lda. & Jade Consult Pvt. Ltd. and JFPR implementation agency M/s RMSI are also onboard and has started the monitoring and support to the APGCL.

2.16 JFPR CONSULTANT

43. Resources and Community Resilience (under JFPR) LOA, Contract award was awarded on 28.10.2022. The Inception report has been submitted on 28thDecember 2022. JFPR implementation agency M/s RMSI is also onboard and has started the monitoring and support to the APGCL.

CHAPTER 3. PROJECT STATUS

44. The SESC is closely working with the Revenue department of both the ADCs and having regular interaction with AFs for the completion of disbursement of land compensation in Karbi Anglong ADC, in Dima Hasao payment of land and structure compensation has been completed. The following section was extracted from the PMC's monthly monitoring report supported by contractor's monthly reporting on work progress.

3.1 STATUS OF PROJECT IMPLEMENTATION

45. According to PMC's MPR the following in **Table 3-1: Progress of Work** presents the project implementation status as on 30th June 2023. For more details, technical monthly report of June 2023 can be referred.

Table 3-1: Progress of Work

Physical Progress Summary	TOTAL SCOPE	Actual Progress Upto Mar'23	L&T's Plan for Jun'23	Actual Achieved upto 30th Jun'23	% progress w.r.t total Scope	Balance Scope	Aug'22- Best Effort Completion Date	Remarks

Penstock Steel Plate Fabrication (In MT)	2,615	175	75	94	10%	2,346		

3.2 STATUS OF PROJECT RESETTLEMENT ACTIVITIES

46. Project resettlement activities are being implemented as per agreed timeline, however due to various field constraints some challenges are being faced like non-availability of AFs during survey and consultation, busy schedule of revenue filed staff of ADCs etc. following **Table 3-2: Project Resettlement Activities** presents the status of project resettlement activities.

Table 3-2: Project Resettlement Activities

Activities	Responsible Agencies	Status	Remarks
Project Initiation Stage			
Establish SESC	APGCL	Completed	SESC cell has been established at PMU.
Hire Environment and Social safeguards professionals of SESC	APGCL	Completed	Environmental and Social Safeguard Experts have been positioned.
Hire an NGO to implement CRTDP	APGCL	Completed	M/s. Consultants for Rural Area Development Linked Economy, (CRADLE), JV with Gramya Unnayan Santha has been engaged.
Hire Project Management Consultants	APGCL	Completed	AF Consult Switzerland in association with United Engineers Alliance India
Appoint a Grievance Redress Committee	APGCL/ADCs/ PAPA	Completed	Annexure-4 & Annexure -5
Finalize the CRTDP with final budget and timeline	PMU/SESC/NGO	Completed	The budget was finalised and the implementation of CRTDP is in progress. There is some delay according to the agreed timeline.

Activities	Responsible Agencies	Status	Remarks
Disclosure of CRTDP after further consultations with the AFs and ADCs	APGCL/PMU/SESC/NGO	Completed	Ongoing process.
CRTDP Update			
Validate Census and survey findings	PMU/SESC/NGO	Completed	Final data of affected families yet to be done. NGO is given the task to complete the data part and submit the final figure. Expected date is Dec 2023.
Conduct socioeconomic surveys for all the affected households/persons based on the final list and final design in order to update the CRTDP	NGO/PMC/SESC/PMU	Completed for both the districts.	Microplan preparation of remaining AFs which have been surveyed are in progress.
Conduct FGDs/consultations and group meetings	SESC/NGO/field level engineers/Contractors	During the socio-economic survey and implementation of CRTDP, NGO has conducted. During the monitoring period, consultations have been conducted and detailed provided in Chapter-6.	So far total 112 consultations have been conducted. Total female participants were 996 along with 1523 male comprising 2519 participants. Summary of all the consultations is provided as Annexure-6.
Finalize entitlement matrix with a budget and timeline	APGCL/PMU/SESC/NGO	Complete microplan for all the affected household have been prepared	

Activities	Responsible Agencies	Status	Remarks
		and approved. Substantial payment has also been completed for both the districts i.e., Dima Hasao & Karbi Anglong.	
Disclosure of final entitlements to all AFs	PMU/SESC/NGO	Completed	
CRTDP Implementation Stage			
Payment of compensation	PMU/SESC/ District Councils/ NGO	Completed	Compensation of Land and assets have been completed for 954 APs in the Dima Hasao Districts by APGCL. Similarly, 214 affected persons have been paid for land and Zirat in Karbi Anglong district.
Give publicity to compensation payment	PMU/SESC/ District Councils/ NGO	Completed	
Consultations with the AFs during rehabilitation activities	PMU/SESC / District Councils/ NGO	So far total 112 consultations have been conducted. Total female participants were 996 along with 1523 male comprising 2519 participants.	
Implementation of	PMU/SESC/ District	Socio-economic	NGO has

Internal monitoring of social safeguard application	PMU/SESC/ District Councils/ NGO	Internal monitoring is being done in supervision of SESC by PMC Social and Resettlement Expert.	Bi-annual report submitted as per schedule.
External monitoring of social safeguards and Evaluation	PMU/EMC	External Monitoring consultant is onboard.	Bi-annual report submitted as per schedule.
Resources and Community Resilience (under JFPR).	JFPR	Resources and Community Resilience (under JFPR) LOA, Contract award was awarded on 28.10.2022.	JFPR implementation agency M/s RMSI is also onboard and has started the monitoring and support to the APGCL

CHAPTER 4. PERFORMANCE MONITORING

47. Both the APGCL and ADB have their own separate monitoring responsibilities. The extent of monitoring activities, including their scope and periodicity, will be commensurate with the project's risks and impacts. APGCL is required to implement safeguard measures and relevant safeguard plans, as provided in the legal agreements i.e., CRTDP, and to submit agreed periodic monitoring reports on their implementation performance.

48. The Lower Kopili HEP is classified as Environment Category A, Involuntary Resettlement (IR) Category A, and Indigenous Peoples (IP) Category A ("triple A") in accordance with ADB's Safeguard Policy Statement (SPS 2009). Additionally, based on the results of the climate change risk assessment, the subproject is High Risk for Multi-Hazard Index and Climate. To fulfil national regulatory requirements and ADB's SPS 2009, APGCL prepared an Environmental Impact Assessment (EIA) with environmental no-objection obtained from the Ministry of Environment, Forest, and Climate Change of Government of India. In addition, APGCL developed a Resettlement and Indigenous Peoples Plan (RIPP) comprised of a Combined Resettlement and Tribal Development Plan (CRTDP) for hydropower component, and Combined Resettlement and Indigenous Peoples Plan (CRIPP) for transmission line component.

49. The project management unit (PMU) in APGCL is responsible for overall project planning and implementation, including procurement, accounting, quality assurance, social and environmental issues, and coordination with concerned agencies. APGCL has already established its social and environment safeguards cell (SESC) in its PMU comprising 2 full time staff and is being supported by the project management consultant (PMC) with dedicated environment and social safeguards specialists. APGCL has also engage qualified and experienced external experts in a timely manner for environment and social monitoring that will not be involved in day-to-day implementation and supervision of the Project.

50. The duties of APGCL PMU include:

- (i) Conduct overall coordination, preparation, planning, and implementation of all field level activities.
- (ii) Update the EMP (see below) for review and clearance by ADB prior to any contract award.
- (iii) Implement EMPs following ADB's Safeguards Policy Statement 2009, IFCs Environment, Health and Safety general guidelines and national regulations etc. at the project site.

- (iv) Undertake and supervise compensation to the affected families based on the entitlement matrix in the CRTDP.
- (v) Oversight construction contractor(s) on monitoring and implementing mitigation measures during design, construction, and operation phases of the project before contracts completed.
- (vi) Advise and coordinate to update environmental baseline surveys, finalize social survey and detailed design and update the safeguard documents (EIA/EMP and CRTDP) for review and clearance by ADB following detailed design and survey results.
- (vii) Engage in grievance redress and ensure the prompt resolution of complaints.
- (viii) Set up appropriate record keeping system.
- (ix) Disclose relevant information to the affected people and continue consultations.
- (x) Provide training and awareness on environmental and social issues to the project staff and EPC contractor(s).
- (xi) Preparation of semi-annual and annual environmental monitoring reports and semi-annual social monitoring reports; and
- (xii) Liaise with the concerned ministries, authorities, and government departments for the environmental and resettlement related issues of the project implementation.

51. ADB reviews project performance against APGCLs' commitments as agreed in the CRTDP. The extent of ADB's monitoring and supervision activities will be commensurate with the project's risks and impacts. Monitoring and supervising of social and environmental safeguards are integrated into the project performance management system. ADB will monitor projects on an ongoing basis until a project completion report is issued.

4.1 COMPLIANCE WITH LEGAL AND POLICY REQUIREMENTS

52. The resettlement principles adopted for this project recognize CRTDP based on the government acts and provision in consistent to Asian Development Bank's (ADB) policies and operations manuals, particularly the Safeguard Policy Statement (2009). Approved Entitlement Matrix is provided as Annexure-7 in the CRTDP report.

53. The land acquisition and compensation procedures of Dima Hasao and Karbi Anglong ADCs provide a comprehensive legal framework to prepare and implement resettlement plans and tribal development plans. The Project follows the CRTDP land acquisition as well as livelihood restoration and rehabilitation. In terms of land value estimation, no land transaction or

revenue records are available apart from the data on leased land parcels to tribal person. Without any fair market rate available, it was estimated as per the rate provided and provided by the Autonomous District Council, and the rate was approved by the Public Works Department (PWD) of Assam for civil structures and buildings. They match most of the involuntary resettlement and indigenous peoples safeguard policy requirements of ADB.

4.2 COMPLIANCE WITH SOCIAL SAFEGUARD COVENANTS

54. Detailed assessment has been done in due consultation with concerned stakeholders and the CRTDP and CRIPP have been prepared for the subproject with an objective to record social, economic, and cultural aspects of the project area and its affected communities, and to present a comprehensive mitigation plan to address adverse social impacts of the project on them. A key part of the CRTDP is the strategy that enables the project-affected families (AFs) to benefit from the project, and to restore and improve their livelihoods and sources and income.

55. It outlines the institutional arrangements for delivering entitlements and project benefits to the AFs and other stakeholders, a mechanism for resolving grievances and complaints, and a monitoring framework to follow and report the progress of the implementation of CRTDP. The CRTDP and CRIPP have been prepared in compliance with the state and national laws and regulation and ADB SPS, 2009. Considering affected families (AFs) are scheduled tribes, a series of consultations were undertaken for broad community support (BCS), and agreements were made between APGCL and two district councils indicating the BCS. APGCL has adequate budget allocation provision for land acquisition, resettlement, and rehabilitation of affected families. APGCL has already established its social and environment safeguards cell in its PMU and is being supported by the project management consultant having dedicated safeguards specialists, in addition, an implementing NGO has been contracted to support the implementation of CRTDP and CRIPP. CRTDP will be updated by APGCL and the NGO prior to implementation and CRIPP will be revised after completion of final line alignment. Compensation will be provided prior to any physical and economic displacement. In the event of any unanticipated social impacts during project implementation, APGCL will take corrective actions, and update the CRTDP and CRIPP and the same will be disclosed on the ADB website. APGCL will submit semi-annual monitoring reports and external expert will monitor APGCL's implementation. The monitoring reports will be posted to ADB website and disclosed locally by APGCL.

4.3 GENDER

56. Tranche 3 is classified as Effective Gender mainstreaming (EGM). The

project design integrates relevant gender focused interventions. A gender action plan (GAP) with well-defined activities, indicators, targets, and timelines has been prepared to ensure that gender mainstreaming initiatives are effectively implemented. The GAP initiatives will provide opportunities for enhanced participation of women in project related staff trainings. Gender capacity building of PMU staff and contractors will help create capacities and opportunities for improved gender responsive planning and project implementation. Orientation workshop with special focus on enhancing female workforce participation, skilling, equality in wages, health, safety, hygiene and on the need to maintain sex disaggregated record of workforce will be planned for the contractors and labourers. The GAP activities will ensure women's participation in all projects related community awareness campaigns and consultations.

57. Women's participation and direct benefits will be secured across all community driven activities for community disaster resilience action plans. Disaster warning systems and mitigation strategies will integrate an inclusive approach to planning and execution. Local area development planning activities will promote gender responsive infrastructure in education and health facilities and services. Gender focused awareness campaigns in nutrition, health and menstrual hygiene will be planned and targeted towards girl students. Special measures will be taken to enhance women's participation in resettlement, rehabilitation, and income restoration initiatives. Monitoring and evaluation mechanisms will track beneficiary data across all interventions in a sex disaggregated manner. Impact evaluations and social audit methodology will include gender and social parameters to be able to assess impacts from a gendered perspective. A gender monitoring consultant with support from CRTDP team and JFPR experts will be responsible to collate data on GAP progress and report to the PMU. The PMU will provide support in reviewing and submitting quarterly progress report on implementation of GAP.

58. The administrative monitoring mechanisms will be inclusive of socio-economic performance and sex, caste- and ethnicity disaggregated data. The record will be maintained by PMU. Adequate resources are provided for implementation and appropriate provisions made for monitoring and reporting. The Summary Poverty Reduction and Social Strategy (SPRSS) was included in the PFR report for Project 3.

Based on the final loan agreement the loan covenants relating to social safeguards are listed and the process and status for compliance is presented in the **Table 4-1: Status on Social Safeguard Covenants** below:

**Table 4-1: Status on Social Safeguard Covenants**

Para No	Description	Compliance Status	Remark
Article IV Section 4.02	The borrower shall enable ADB's representatives to inspect the project, the Goods, Works and Services, and any relevant records and documents	Being Complied

4.4 COMPLIANCE WITH CRTDP REQUIREMENTS

59. The LKHEP lies in the Dima Hasao and the Karbi Anglong Autonomous Districts Councils of the Assam State in India. The lands that fall within the jurisdiction of the two districts are 'scheduled'¹ or listed tribal land and those who belong to the listed tribes are 'scheduled tribes'. The following **Table 4-2: Summary of Project Impacts** presents, the detail of Project affects villages under the jurisdiction of two autonomous districts (Dima Hasao 15 villages and Karbi Anglong 2 villages).

Table 4-2: Summary of Project Impacts

SL. No.	Village	Impacts			
		Land (Bigha)	Structures	Trees	Crops & Plants

4.4.1 Scope and Type of Land for Project Components

60. The scope of land acquisition has remained same as planned earlier and **Table 4-3: Scope and Type of Land for Project Components** below present the type of land in both the district which have been acquired.

¹The Schedule VI of the Constitution of India established several ADCs in the northeast India. An ADC is an administrative entity with a structure to safeguard tribal peoples' rights and interests and their traditional ways of living. It also provides a political framework, guaranteed by the Constitution of India, for tribal peoples to self-govern their affairs.

61. Total 109.75 crores have been paid to the forest department for forest land diversion and other requirements. Compensation for revenue land has also been fully paid in the Dima Hasao district and in Karbi Anglong compensation payment is in progress and the final status of disbursement will be updated in next SMR.

Table 4-3: Scope and Type of Land for Project Components

Sl. No	Autonomous District	Forest Land (Ha)	Revenue Land (Ha)	Total
1	Dima Hasao	478	909	1387
2	Karbi Anglong	45	145	190
Sub total		523	1054	1577

Source: CRTDP report

4.4.2 Land Requirement for Various Project Components

62. 120 MW LKHEP project required 1577 hectares of land for all components in both the autonomous district i.e., Dima Hasao and the Karbi Anglong. Out of 1577 ha total land 523 ha is forest and 1054 ha is revenue land. The below **Table 4-4: Land Area Required for the Project** presents the planning and implementation stage land requirements.

Table 4-4: Land Area Required for the Project Components

Sl. No	Name of village	In DPR stage (Ha)
1	Project infrastructure (powerhouse, dam, and key installations)	355
2	Reservoir	552
3	Roads, buildings, and project facilities	72
4	Relocation site for 14 physically displaced HHs and the project township	75
5	Land for other purposes (recreational facilities, helipad etc)	523
Sub total		1577

Source: CRTDP, data likely to be updated once provided by technical team/contractor.

4.4.3 Loss of common/government properties

63. Apart from the private land and structures, CRTDP also assessed 7 government/structure. The compensation for the same has not been paid, due to the demarcation of submerging area. Summary of the government/community properties are provided in the **Table 4-5: Details of Village wise government/community properties in District Dima Hasao** below. There was no such type of impact in Karbi Anglong district. To ascertain the actual impact, LiDAR survey has been conducted, based on the LiDAR survey report status has been changed and described in the following section.

Table 4-5: Details of Village wise government/community properties in District Dima Hasao

Sl. No.	Name of Govt./Community Property	Remarks
1	Irrigation Office Building	Government

Sl. No.	Name of Govt./Community Property	Remarks

7	The Secretary of Karbi Community Hall of Longku Area	Bidya sing Engti Longku caretaker

Source: CRTDP and census and socio-economic survey conducted by the NGO.

4.4.4 Present status of the affected CPRs

64. Based on the impact assessment carried out during the DPR, total 7 Community including government properties were identified as affected due to the 120 MWLKHEP. However, the joint field survey undertaken on 11th July 2023 comprising the following officers do hereby furnish the following observation based on the LiDAR survey with regard to submerged area.

65. In the reservoir area of DAM, a LiDAR survey has been done to ascertain that there will no property available and if its, then the same may be amicably relocated/removed. The submergence level has been considered at 231 mt for buildings and other standing structures including the CPRs. During the survey, 2 abandoned buildings, which locals confirmed that this was established by the irrigation department have been identified, the present status is provided below:

- (i) Shri Elbertson Teron Lot Patowari, Dima Hasao autonomous Council, Umrangso Circle
- (ii) Shri Biju Diphusa, AM (Civil), APGCL
- (iii) Shri Pankaj Hazarika, Social Expert, APGCL
- (iv) Shri L.P. Singh, Social Expert, NGO CRADLE
- (v) Shri Sangram Singh, Social and Resettlement Expert, PMC AFRY

66. Accordingly, PMC, NGO and APGCL has reassessed the impact on all 7 CPRs. The summarized report is provided below:

Table 4-6: Affected Government properties in District Dima Hasao

Name of Govt. Property	Status as per Present	Present situation of the property
PHE Pump House (LiDAR identification No.- 647)	Affected, falling under submerged area of reservoir	<ul style="list-style-type: none"> ➤ Abandoned (NOC yet to be received). ➤ Department has already left the building and villager have taken the material from the site. ➤ Ruined available with diesel pump, parts of pump have been taken away. ➤ Pipe and other fitting etc not available.

Name of Govt. Property	Status as per Present	Present situation of the property
		
<p>Photo captured from Lanka Umrangso road during the road construction (2022) ➤ (LiDAR identification No.-428, 429 & 430)</p>		
		
<p>Irrigation Office Building (LiDAR identification No.-428, 429 & 430)</p>	<p>Affected falling under submerged area of reservoir</p>	<ul style="list-style-type: none"> ➤ Abandoned (NOC yet to be received). ➤ Abandoned building. ➤ Initially it was ruined, no doors, and window available and no use seen. ➤ Earlier, the labour and other staff of Lanka Umrangso Road construction company used it temporarily and fixed the window and doors.

67. Apart from above two CPRs assessed, no other property shall be affected by the project which was initially assessed during DPR/CRTDP.

68. However, after the LiDAR survey completed, 2 other religious places with structures are noted that these will be falling under the submerging area of reservoir. These are being used for annual worship places by Karbi Ethnic Group/Community. These are (i) "Vothung Rongker" (annual worship place) a gate, shed for offering puja near the Longku Nala bridge, and (ii) "Longri Rongker" i.e., Tiger Puja near

Longku Nala confluence with Kopili river.

4.4.5 Tasks to be done for Relocation

69. The implementation of the CRTDP entails the following tasks while dealing the common and government properties (CPRs):

Task to be done	Progress so far
Detailed and meaningful consultation with the concerned department, custodian, community and concerned Gaon Bura along with PAPA office bearers.	Consultation with all the stakeholders, like Karbi community, Council, LKHEPPAPA office bearers and APGCL.
Ensuring that the property has been evaluated and all the entitlements as per CRTDP applied.	Site has been physically verified jointly with PMC, NGO and APGCL. Lot Patowari has also visited the site during land handing over.
Assisting in consulting and coordination with the concerned stakeholders and authorities.	Karbi Community leader have been approached and a meeting with the new location (tentative) has been done. Resolution made and letter to the Council for allotment of 2 Bigha land has been requested.

4.4.6 Provisions available in approved Entitlement Matrix

70. Combined Resettlement and Tribal Development Plan (CRTDP) – RIPP Volume1 Entitlement Matrix, Page- 57.

Category	Type of Impact	Entitlements	Responsible to Deliver	Remarks
Public Facilities	Loss of public infrastructure facilities	1. Piped water supply. 2. Sanitation and drainage 3. Health care centre 4. Higher secondary school 5. Playground	APGCL, relevant ADC departments	Consult the community on location, type, and cost of facility reconstruction APGCL will pay for the construction of the facilities
Common property	Loss of common land	1. Community land for public purposes at the relocation site 2. Grazing rights on nearby land or an allowance to buy fodder in lieu of the lost grazing land. If not provided, 100 days of Minimum Assured Wages (MAW) per year for 05 years as a grant towards the loss of fuel and fodder	APGCL, relevant ADC departments	Consult the affected households and PAPA on the location, type, cost estimates of facilities

Approved CRTDP-RIPP Volume1 Entitlement Matrix, Page- 57.

4.4.7 Impacts on Structures (Residential and others Type)

71. As per the initial assessment jointly done by APGCL and the revenue departments, during planning stage total 18 structures were identified as fully impacted and 6 partially in the Dima Hasao district. During Socio - economic and census survey NGO was able to establish contact with the owners of 14 fully

affected house owners. Hence owners of 14 structures were identified for further relocation process.

72. After reviewing the Zirat data, it's found that total 122 permanent and temporary structures have been compensated. Out of 122, 28 structures found like residence purposes and remaining were temporary structures at agriculture lands. Hence, these the present status of these affected/compensated structures needs to be re-verified and would be ensured that the 14 nos., which mentioned in the CRTDP are included in this list. The following Table 4-7: Summary of structures verified by NGO presents summary of the impacted structures.

Table 4-7: Summary of structures verified by NGO

Sl. No	Name of village	No of Land/ structure holders
1	Borolangklam	0
2	Borolangku	15
3	Chotolangku	4

12	Rongkhelan	1
13	Sokpuru	14
14	Tortelangso	11
15	Waperdisa	1
Sub total		122

Source: Socio-economic survey conducted by the NGO based on the JVS assessment.

73. Apart from the identified list of CRTDP, some AFs has raised grievances regarding the non-inclusion of their structures/properties in identified list of fully impacted structures. Though boundary pillars have been fixed on some locations actual submergence area is yet to be demarcated on ground for determining actual physical impacts due to submergence and requiring relocation. All the grievances are pending at respective council's offices, follow-up is being done by SESC on regular basis to resolve the grievance.

4.5 ACTUAL IMPACTS AND IMPACT ASSESSED IN CRTDP

74. All impacts due to the project have been summarised in table below. It's also providing the planning and implementation stages variations, if any.

Table 4-8: Impacts comparison with CRTDP and during implementation

SL. No.	Particulars	Unit	Quantity in	
			CRTDP	implementation
1	Affected Autonomous District Council	Number	2	2
2	Affected Villages	Number	16	17

			CRTDP	implementation
3	Total Land Requirement	hectare	1577	1577
4	Total Revenue Land	hectare	1054	1054
5	Total Forest Land	hectare	523	523
6	Total Crop Land	hectare	1054	1054
7	Total Trees	Number	98546	24227
8	Total Primary Structures (Physically Displaced)	Number	18	Yet to be finalize
9	Total Other Structures (Secondary/Cattle sheds)	Number	18	Yet to be finalize
10	Total Partially Affected Structures	Number	6	Yet to be finalize
11	Total Affected Families ²	Number	1217	1168
13	Total Physically Displaced Households and Affected Persons	Number	18 AHs and 85 APs	Yet to be finalized
14	Total Economically Displaced Households and Affected Persons at Dima Hasao	Number	983 AHs and 4609 APs	954 AHs
15	Total Economically Displaced Households and Affected Persons at Karbi Anglong	Number	983 AHs and 4609 APs	214 AHs

Source: CRTDP and census and socio-economic survey conducted by the NGO.

4.6 STATUS OF PAYMENTS OF COMPENSATION

75. The loss of land the assets over the land like structures, crops and trees were assessed and compensation paid as per the agreed land rates with ADC and land holders. Compensation of assets were evaluated by the PWD, agriculture and horticulture etc department. The below **Table 4-9: Status of Payments of Compensation (Land including Zirat)** presents the compensation paid to AFs by APGCL and concerned ADCs.

Table 4-9: Status of Payments of Compensation (Land including Zirat)

Sl. No	Autonomous District	Total Land	Total Land (Ha)	Compensation (crores)	Remarks
1	Dima Hasao	Revenue	909.00	44.57	
		Forest	477.77	109.75	
2	Karbi Anglong	Forest	45.28		
		Revenue	145.00	8.11	
Sub total			1577.05	162.43	

Source: APGCL and ADC's payment documents.

² Dima Hasao 954 + Karbi Anglong 206 = Total 1160 (Figure is based on the compensation disbursement list provided by Joint Secretary, KAAC w.r.t. Karbi Anglong)

76. The compensation of land and affected properties has been paid in both the districts. Based on the socio-economic data obtained by NGO through the ground survey, the R&R assistances and allowances have been calculated. As some delay had occurred in paying land and asset compensation in Karbi Anglong, the survey has not been conducted in 2 villages. Hence, the draft micro plan has only been prepared for Dima Hasao district for total 15 villages.

4.7 STATUS OF PAYMENTS OF R&R ASSISTANCE/ALLOWANCES

77. After complete payment of Land and Zirat, NGO has prepared microplan for Dima Hasao and Karbi Anglong covering two eligible R&R components i.e., Rs 50,000 Special subsistence allowance (Additional assistance for STs) & Rs. 500,000 as One-time payment for Income Restoration and Improvement in lieu of job. Micro plan has only been prepared for Dima Hasao and Karbi Anglong districts for all 17 villages.

Table 4-10: Status of Payments of Compensation and R&R Assistances presents the status of R&R paid village wise and balance to be paid to AFs.

Table 4-10: Status of Payments of Compensation and R&R Assistances

Sl. No.	Village	Total Land		Rehabilitation & Resettlement	
		Properties	Families	Progress Till June 23	Pending to be paid
1	Borolangklam	191	116	112	4

		Properties	Families	Progress Till June 23	Pending to be paid
	Sub-total Karbi Anglong	231	214	183	31
	G. Total 120 MW LKHEP	1600	1168	1124	44

78. As on 30th June 2023, total 44 AFs are pending for R&R Assistance payment in which 13 from Dima Hasao and 31 from Karbi Anglong. Efforts are being made to obtain the desired documents pending to complete the R&R payment.

4.8 RESTTLEMENT SITE DEVELOPMENT PROGRESS

79. As the LiDAR survey for the entire project area has not completed till the monitoring period, the complete figure of displaced properties yet to be ascertained. However, once the survey data will be finalised, a complete status of the resettlement would be given. Next monitoring report will cover the resettlement process.

CHAPTER 5. GRIEVANCE REDRESSAL MECHANISM

80. It would be pertinent to refer the Asian Development Bank's policy, which requires proper mechanisms for resolution of disputes that may arise from any aspect of the project and development process. The mechanisms should be "affordable and accessible," and third parties independent of the implementers should be available at the appropriate point in the process. The grievance procedure needs to be simple, administered in the first instance at the local project level to facilitate access, flexibility and open to various proofs considering the need for speedy, just and fair resolution of any grievances.

81. The detailed description of the grievance redress mechanism (GRM) has been provided in CRTDP. The purpose of the GRM will be to receive and facilitate the resolution of affected people's concerns, complaints, and grievances about the social and environmental performance at the project level. The GRM will aim to provide a time-bound and transparent mechanism to voice and to resolve social and environmental concerns linked with the project. The project-specific GRM is not intended to bypass the government's own redress process but to address project-affected people's concerns and complaints promptly, making the GRM readily accessible to all segments of affected persons and scaled to the risks and impacts of the project. Hence, depending on the nature and significance of the grievances or complaints, the GRM will comprise procedures to address grievances at the project site, and at the PMU level. More serious complaints that cannot be addressed at the project level will be forwarded to the PMU grievance redress committee. The GRM will not deal with matters pending in a court of law. However, complainants may access the formal legal system at any time.

5.1 GRIEVANCE REDRESS PROCESS

82. A three-tier grievance redress mechanism has already been notified for handling grievances. The first tier is the grassroots level mechanism. Grievances of the AFs are first dealt with by Gaon Buras in consultation with the field officials, and the contractors of the project. Complaints that cannot be addressed at the level of Gaon Buras will be forwarded to the Project level grievance redress committee (GRC) which is the second tier. The third tier is the appellate GRC at the state level. APGCL will deal with the complaints and grievances as the appellate GRC. The presence of GRM or seeking relief from GRM is not a bar to take grievances and complaints to national courts for arbitration.

5.2 OTHER PATHS TO REDRESS GRIEVANCES

83. There are three other supplementary paths that are opened for the AFs to resolve their problems, complaints, and grievances regarding the project and its implementation:

- (i) ADB India Resident Mission in New Delhi.
- (ii) ADB Accountability Mechanism; and
- (iii) India's Courts System.

5.3 CONSTITUTION OF GRC

84. GRM has been constituted and notified, the same has been disclosed among AFs and all the members/representatives of the committee in writing. The office order has been issued on 17th June 2020 vide No.-APGCL/LKHEP/PD/2017-18/21/Part-I/45.

85. Along with a minor modification of the above office order, following **Table 5-1: Grievance Redressal Committees** is presenting the details of GRM, Roles and responsibilities of the GRC's and timeline for resolution. The copy of modified order is provided as Annexure-5.

Table 5-1: Grievance Redressal Committees

Members	Designation		Responsibility

Site Engineer of APGCL	Deputy Manager (Civil)		<ul style="list-style-type: none"> ➤ Will receive grievances. ➤ Resolution within 15 days of time
Site Engineer of Civil & Hydro-mechanical contractor & Electro-Mechanical Contractor	Not yet notified		<ul style="list-style-type: none"> ➤ In case complaints and grievances not resolved, forward to the Second Tire
Gaon Buras ³ of	Dima Hasao District:	10) Lorulangso 11) Mungkele	

³ Assam Cabinet announced that Gaon Buras, village-level functionaries of the district administration, will be called 'Gaon Pradhans'.

- The government has reasoned that a number of young men (and women) become Gaon Buras, and thus, the word 'Bura' (meaning old in Assamese) is no longer appropriate.
- Gaon Buras are the village headmen. They are the eyes, nose, ear of the district administration at the village level.
- There are about 6,000 Gaon Buras in Assam. Women 'Gaon Buras' are not very common, and they take over, if their husbands die.

History:

- It belongs to the colonial era, when the British appointed the oldest person in the village as the head, who would oversee matters relating to land and revenue in a particular area.

Member	Secretary to the Govt. of Assam, Revenue & Disaster Management Department,		

- Post-independence, the government continued with the institution and made the Gaon Bura a formal part of the Assam Revenue and Disaster Management department, increasing his responsibilities, and eventually introducing a small honorarium for the role.
- In Arunachal Pradesh, too, the Gaon Buras (and Buris) are the most important village-level functionaries.

Duties:

- Maintaining a population register of the village, maintaining land records, helping police investigate crime, etc.
- It involves now maintaining a log of Covid-19 cases in the village, organising vaccination camps, functioning as booth-level officers during elections etc.
- To issue a 'Gaon Bura certificate', a certificate that determines the permanent residency in a particular village.

5.4 PRESENT STATUS OF GRIEVANCES IN DIMA HASAO DISTRICT

86. Since GRC has been notified and disclosed among the APs, till December 2021 total 402 grievances have been lodged/received. All were attended and Tier 2, GRC meeting held on 24th January 23, where all the matter discussed. After hearing all, 4 grievances were considered for further process. MoM furnished are presented below.

87. The summary of grievances is provided in table below. Mostly the grievances are related to compensation for land and assets, followed by new claimants from owners due to inter/intra village migration and delayed implementation of the CRTDP. Delay in R&R assistance and allowances also accounted for majority of complaints with additional claims of land.

Table 5-2: Summary of Grievances Received District in Dima Hasao

Source: GRC Tier-II, meeting held on 24th January 2023

88. In the GRC meeting held on 29th August 2022, 159 grievances were submitted for council for further verification. After ground verification by the Lot Patowari Dima Hasao district council, 155 grievances were disposed and remaining 4 have been again forwarded to Third Tier GRC. Further, Project Director sent all these 4 grievances to the Secretary Revenue, Dima Hasao Autonomous District Council for their review and decision as the land is subject to Council's jurisdiction and observations. The Minutes of Meeting along with the other supporting documents is attached with this report as Annexure-8. Formal reply/information of the status to all the complainants shall be given in response of their grievances. Following 4 grievances are mentioned below which were further forwarded to third tier grievance redressal committee. Figure 6: Glimpses of First Tier-II GRC Meeting held on 24 January 23 showing the meetings details.

380	Borolangklam	Sarmung Rongphar	S/O Dekhlem Rongphar	

Figure 6: Glimpses of First Tier-II GRC Meeting held on 24 January 23

GM Lanka met the Revenue Secretary, Dima Hasao and apprised about the updates and recommendations of GRC meeting held on 24th Jan 2023

89. Basically, major grievances were coming due to non-demarcation of the project area and submerging area. It's also to pertinent to mentioned here that at this area, there is no cadastral maps were available of the project villages. Handing over of the land acquired (909 ha) by APGCL has been completed by the council and APGCL has paid compensation and R&R. hence consideration of these grievance is not possible. APGCL is waiting the response from the council on the same.

5.4.1 GRC RECORD-KEEPING:

90. Records of all grievances received, including contact details of the complainants, dates the complaints received, nature of grievances, agreed corrective actions and when they were implemented, and the outcome are recorded and kept in the project office. The number of grievances recorded and resolved, and the outcomes will be displayed/disclosed at the project office,

APGCL Office in Guwahati, and on APGCL website. A summary of this information will be included in the monthly progress report of NGOs and semi-annual safeguard monitoring report submitted to ADB. All GRC meeting deliberations and decisions will be recorded and will be available for public reference. If ADB involves in grievance resolution, it will maintain records of its proceedings and disclose them to all parties engaged in the hearings.

5.4.2 GRM COSTS

91. All costs incurred in GRC meetings, consultations, communication, and reporting/information dissemination will be borne by PMU. Cost estimates for grievance redress are included in resettlement cost estimates. ADB will bear the cost of its own involvement in grievance resolution. The complainants are not charged any fee for the service. It is a good practice to provide the AFs with transport facilities to the project offices or cash payment for such expenses by the project, if feasible.

5.4.3 MEETINGS OF GRC

92. The GRCs will meet according to a published timetable. This information will be disseminated among all the AFs, ADCs, and PAPA. Each session/meeting will be held at a place which is convenient for the AFs to attend. The GRC procedures will be communicated through public notices and at the community meetings. The AFs will be made aware of the presence of GRM, its powers, and benefits during consultations and group discussions. At such gatherings, the AFs will be encouraged to discuss their views on the structure and functions of GRM.

CHAPTER 6. STAKEHOLDER ENGAGEMENT

6.1 STAKEHOLDER ENGAGEMENT PROCESS

93. Community consultation and engagement in planning and implementation of LKHEP is playing a key role in smooth project progress. Consultation is continuous process and will be continued throughout the project period. A stakeholder communication strategy was prepared for the project during preparation of CRTDP.

94. The consultation process has used different types of consultation such as in-depth interviews with key informants, focus group discussions, and individual consultations. As part of the consultation process and understanding of different gender perspectives on the proposed project, project-affected women were given an opportunity to voice their views on the project. They were also encouraged to (i) recommend actions that would ensure they too benefit from the Project; and (ii) suggest how to minimize harmful project impacts, if any, on them. Group level gender consultations were also carried out especially, to learn their views regarding income restoration, local area development including the development of health and education facilities in the Project area.

95. For Implementation of Combined Resettlement and Tribal Development Plan of Lower Kopili H.E. Project in Dima Hasao and Karbi Anglong districts of Assam M/s. Consultants for Rural Area Development Linked Economy (CRADLE) JV with Gramya Unnayan Santha, address & Contact No. C/258, Road No. 1C, Ashok Nagar, Ranchi-834002, Jharkhand Tel. No. 0651-2243102 has been engaged. The contract was signed on 13.11.2019 and the NGO commenced field work from 28.11.2019. The completion date as per the contract will be 27.11.2023.

6.2 CONSULTATIONS CONDUCTED DURING CRTDP PREPARATION

96. During the period between November 2014 and February 2017, the social and environmental safeguard consultants of the project team attended six public consultations organized by APGCL at the proposed project site. APGCL officially notified all stakeholders regarding the place, time, and the venue of such consultations. In these consultations, gaon Buras, General Secretary, President and representatives of PAPA, President of the Assam Democratic Student union (NGO), General Secretary of the Karbi Student Union (NGO), representatives of the Dima Hasao ADC, officials of the Forest Department, and APGCL, and social and environment consultants of the project team were participated.

97. It was agreed that a public consultation and disclosure plan will be formulated and used by the project management unit (PMU) of the project and draft plan was developed as **Table 6-1: Format for Public Consultation and Disclosure Plan** below.

**Table 6-1: Format for Public Consultation and Disclosure Plan**

Activity	Issues to Discuss	When	Agencies Responsible	Remarks
Consultations with the AFs on land acquisition, compensation and Jirat rates, compensation payment – their timelines of delivery.	Discuss with the AFs and other stakeholders (a) their entitlements, (b) compensation rates, and (c) the grievance redress mechanisms.	(a) Pre-project (b) Project planning, (c) Project implementation phases	PMU/ SESC/ NGO/ LKHEPPAPA	Consultation with community is being conducted by NGO
Consultations on resettlement and rehabilitation of affected households	Discuss (a) entitlements, (b) time frame of compensation payment, and (c) moving to the resettlement site, (d) livelihood restoration and improvement program	During the CRTDP implementation	PMU/SESC/ NGO/ PAPA	Consultation with community has been conducted by NGO and PMC
Consultative meetings on mitigation measures	Any unforeseen impact during implementation	As and when needed	PMU/ SESC/ NGO/ PAPA	
Project information dissemination	Distribution of project information leaflets/booklets to all AFs	Intermittent	PMU/ SESC/ NGO/ PAPA	
Public notification	Publish a list of affected lands / sites in local newspapers. Project commencement details and its progress details will also be publicized	Completed	PMU/ SESC/ADCs	
Distribution of key project information and summary of CRTDP among all AFs	Distribute leaflets or booklets in local language on the project, land acquisition, compensation and	Completed	PMU/SESC/ NGO /PAPA	

Activity	Issues to Discuss	When	Agencies Responsible	Remarks
and stakeholders	livelihood restoration and improvement			
Full disclosure of CRTDP to the AFs	Distribute summary CRTDP in local language to all AFs	Completed	PMU/SESC/NGO /PAPA	
Web disclosure of CRTDP	Posting of draft and final copies of the CRTDP on ADB and EA websites	Completed	APGCL/ADB	

6.3 CONSULTATIONS DURING CRTDP IMPLEMENTATION

98. Social and Resettlement Expert, PMC and CRTDP implementation NGO are meeting regularly with PMU and SESC officials. Social and Environmental Expert from PMU are also visiting the project site as and when needed. In follow-up of the CRTDP implementation, consultation with local community, Gaon Buras, School teachers, women groups, health workers have also been conducted. Issues discussed and suggestion were noted for compliances. Table 6-2: Consultation with various stakeholders and Affected Community, presents the summary of consultation organised by the NGO. The complete report on the consultation is attached as Annexure-6. Glimpse of meetings are presented in Figure 7: Glimpses of Consultations with DPs, EMC & APGCL/PMC.

Evening: Borolongku 2:00 pm – 2:30 pm

Awareness programme on Health and Hygiene for Girls students sensitized in health(nutrition), hygiene, menstrual hygiene and safe disposal practices was conducted as part of implementation of Gender Action Plan (GAP) activities at Lower Kopili Hydro Electric Project (LKHEP)

Meeting held on 4th June 2023

Public consultation meeting on Resettlement & Rehabilitation (R&R), Livelihood skill training and facilitation of PAFs Identity card signing

Meeting held on 13th June 2023

6.7 CAPACITY BUILDING TRAINING

106. There was no capacity building annual training of PMU and other staff on gender mainstreaming, prevention of sexual harassment at workplace, GAP monitoring requirements, sub-activity 2.2.1 training conducted every year (30 staff including 6 women staff trained) were organised.

CHAPTER 7. LIVELIHOOD ACTION PLAN (LAP)

7.1 OBJECTIVES OF LAP

107. It is an effort towards providing alternate means of livelihood or alternative source of income for those engaged in unsustainable livelihood practices and to enhance livelihood the Project Affected Families (PAFs) who are directly or indirectly affected by 120 MW LKHEP project interventions.

7.2 MARKET AND SKILL ASSESSMENT

108. The influx of activities will bring in demand for skilled and semi-skilled work force eventually in the years to come. For the PAFs this transformation will be beneficial as they too will find additional employment and income opportunities, but this will require acquiring precise and definite skills.

109. With this in consideration a set of livelihood activities are identified with low-cost business set up and accordingly training for which has minimum or no education requirements. Moreover, the objective is to empower the women of the PAFs by providing opportunity of training to start their own livelihood venture, so that they can supplement the incomes of their menfolk who are already working on daily wages or may find jobs in the emergent market.

110. An initial field survey was conducted by the CRTDP implementation NGO to collect the base line socio-economic data through structured questionnaire to gather facts and figures on the background, past and present occupation, their individual traits, skills set, educational level as well as their wealth/economic status.

111. A comprehensive research and in-depth market study helped to identify the livelihood activities viable for the PAFs with their specificities of demographic and socio-economics features. The market linkages, cost of investment, working capital, training requirements, etc. were developed.

7.3 PRODUCT IDENTIFICATION

112. Several rounds of meetings and focused group discussions were held with the several groups of PAFs, Mahila Samitees, Self-Help Groups (working), women headed households to explain them the various livelihood activities and available options, the possible outcomes and the details of every activity was clearly explained to every individual so that they understood the activity well enough to opt from a range of activities. These are like mushroom growing, sanitary napkin production, food stalls/cart, dry packaged snacks production, tamarind candy making, drivers training for LMV and heavy vehicles training and short-term training for technicians – plumber, electrician, welder, etc.

7.4 PRODUCT RANKING

113. A low rank correlation ($r_s = + 0.2857$) between the two streams of

thoughts - one specified by the PAFs and the other assessed on the criteria of investment capital, returns on investment, market demand of the products and activities, training requirements, education level required for each livelihood activity and women centricity – exhibits the fact that the PAFs see the market demand and livelihood prospects from a different standpoint. It also translates their lack of low level of expectations to solve the standing issues crucial to the everyday life of the PAFs. The aspirations of the PAFs which were found to be job and assured income centric are seen to be deciphered in the conclusive result of having no correlation being present in the two streams of thought process and perception towards livelihood activities and its related components.

7.5 NUMBER OF TRAINEES IDENTIFIED AND ESTIMATED BUDGET

114. The initial estimated budget was calculated from the assistances provided in the micro plan based on the approved entitlement matrix for the training cost. However, the total estimated budget is 310,96,681 (Three crore ten lakhs ninety-six thousand, six hundred and eighty-one Rupees) to impart the livelihood enhancement training for about 500 persons from the PAFs. This estimated budget basically includes transportation cost, expenses on food and lodging, raw material for training purposes, fee of trainers and training institutes and expenses towards the handholding support after completion of training etc.

7.6 MONITORING

115. The Livelihood Action Plan (LAP) process will be intently monitored by the PMC/APGCL authorities. The training programs will be comprehensive and all-inclusive irrespective of social status, caste, and education etc. with the key objective of imparting practical knowledge rather than just theoretical knowhow and cater to the needs of livelihood options for those who have been affected by the project. The monitoring will be also in the form of a follow-up to revise and check the progress of the initiatives and supplement them with refresher trainings whenever and wherever needed.

7.7 CONVERGENCE WITH ONGOING PROGRAM

116. Under the flagship program of NRLM, DDY- GKY training programmes can be initiated. However, the cost must be borne by the project.

7.8 WAY FORWARDS

117. In the recent development in this regard is that to organise and implement the LAP, an open tender process shall be adopted to select the institute / agency as per the APGCL management decision. Tender has been floated and evaluation of bids is on advance stage and progress shall be

captured and reported in next semi-annual social monitoring report.

CHAPTER 8. SUMMARY OF MONITORING RESULTS & KEY FINDINGS

118. The CRTDP implementation is in progress and compensation has been paid to the affected land holders. Regular site visits are being conducted by PMU officials of APGCL, Social and Resettlement Expert, PMC. Team Leader, Social Expert from the CRTDP implementation NGO has been requested to be stationed at site. Consultation and grievance redressal should be regularly monitored.

119. The key observations of the monitoring on the social safeguards implementation in general are summarised as follows:

- Total 954 Affected families out of 1369 land properties have been entitled for R&R & 2 Karbi religious properties are also identified for relocation in Dima Hasao district. In West Karbi Anglong, total 214 affected families out of 231 properties entitled for R&R, there are no religious or residential properties affected.
- During the monitoring period community consultations have been organised by PIU/PMC. Public Consultation meetings at all the villages are being organised based on the need.
- Grievance Redressal Mechanism has been established and GRC at all levels has been constituted. There is a minor modification that has been done in the constitution of GRC, the copy of modified order is provided as Annexure-5.
- For easement of the community and villages, complaint boxes have been installed at all locations like APGCL, Longku & Lanka office, PMC and Contractors office, and NGO offices. Local contact numbers have been displayed at all prominent locations.
- For general grievances, complaint registers have been maintained by the NGO, APGCL, PMC and contractor. Among all 402 grievances, 398 have been resolved and 4 have been forwarded to the Tier 3 GRC. Tier 3 GRC has forwarded these complaints to the Revenue Department for resolution. There are no complaints/grievances received during the monitoring period.
- All Microplans of Dima Hasao and Karbi Anglong have been prepared for all affected families.
- Institutional arrangements followed the guidelines of CRTDP and SESC have been established, Environmental and Social Safeguard Experts are positioned. For day-to-day monitoring, PMC has parallel setup and Social & Resettlement Expert, and Environmental Experts are mobilised. Presently PMU's Social Specialist position is vacant, for new engagement HR has been informed.
- NGO services must be utilised as per agreed ToR, experts and support staff need to be mobilised in full strength, fully functional office should be maintained at Longku project site.
- As external monitoring consultant is on board and visiting site, their recommendations in implementation of social and environmental aspects are

being done.

- The estimated budget to relocate the religious CPRs have been finalised and shall be disburse to the community. Local area development has been approved and after MCC over, the same shall be tendered out.
- Transmission line of 220 KV work is in progress, out of 156 total tower foundations, 15 towers have some RoW issue in Hojai and Dima Hasao districts. Payment of all the foundation locations where civil work has been commenced, have completed. Corridor land and Zirat payment is also in progress.
- Monitoring repot from the package 4 contractor is not regular, which need to be up to date and should be reported as per the requirements.

Report of the Consultation

Date of Programme:	16.01.2023
Total Participants	Female- 89, Male- 0 Total -89
Place of Meeting	Chotolongku, Dima Hasao, Assam Community Health and Wellness Centre, Dima Hasao
Purpose of Meeting	Awareness program with adolescents' girls and women on health and hygiene

A. Agenda of the meeting-

S.No.	Agenda
1.	Discussion on the health and hygiene and nutritional aspects of adolescents girls and women

Minutes of Meeting-

- (1) Chotolongku Village Community Hall, Dima Hasao, Assam
- (2) Community Health and Wellness Center, Longku Dima Hasao

The programme started as per scheduled time on 16th January 2023 at Chotolongku village. It was started with a welcome addressed by the Mahila Samiti secretary Mrs. Gita Engti and followed by an introduction of all the officials by Sumona Das in the presence of ANM.

The participants were addressed by the Resource Person Mrs. Bistley Timungpi, ANM, of CHC, along with Mrs. Kale Ronghangpi ASHA from Longku H&WC, took a session on health and hygiene for the participants and sensitized on health&nutrition, menstrual hygiene, and safe disposal practices.

The discussion covered topics such as menstrual health and hygiene, the body parts related to menstrual health and the importance of maintaining hygiene during the menstruation period, the problems related to menstrual health. The social stereotypes associated with menstruation was also discussed and how these challenges can be overcome as these are hindrances to women empowerment.

Women health is one of the major concerns due to child marriage and other social taboos in our society, this was also covered during the discussion as participants also shared their experiences and thoughts on this.

There is a need to discuss on women health as there is a prevalence of anemic cases among adolescents and women. The practice of opting for traditional health practices and home deliveries have also contributed towards it. Therefore, it was part of discussion with adolescents to make them aware on this. The resource person explained various factors to it and how this can be prevented by being aware of the scenario.

The next session was conducted by Mrs. Sumana Das on health and hygiene and also sensitizing them on gender gaps and their roles in preventing them. While referring to ADB's Gender Action Plan she talked about the importance of gender equality and healthy lifestyle while focusing on personal hygiene and environmental hygiene. As the prevalence of dengue is very high in these areas they were sensitized on its prevention and how to lead a healthy lifestyle while keeping the environment also clean.

It was an interactive session with participants as they also shared their individual experiences.

Towards the end some participants interacted with the ANM in the local dialect and clarified their doubt on menstruation cramps and other issues they face.

Thus, the programme ended with vote of thanks by the facilitator.

Report of the Consultation

Date of Programme:	16.01.2023
Total Participants	Female- 00, Male- 39 Total -39
Place of Meeting	Cherimthepi, Dima Hasao
Purpose of Meeting	Public consultation and distribution of ID cards

B. Agenda of the meeting-

S.No.	Agenda
1.	Public Consultation meeting Awareness on skill and livelihood development and livelihood restoration.
	Signing of ID cards in public consultation.

Minutes

In the meeting there were 39 male members who were present for the consultation. The Public Consultation meeting was held on the 16th of January 2023 at Cherimthepi revenue village, West Karbi Anglong, Assam under Karbi Anglong Autonomous Council (KAAC) Diphu. The meeting was attended by Mr. L.P Singh, Mr. Abraham Teron, Mr. Karuna Bora and Mr. Rupak Debnath from the NGO, Mr. Hemari Timung, President and Mr. Kennedy Enghee, Secretary, PAPA-LKHEP Karbi Anglong and its office bearers and members, Mr. Samuel Hanse (SGB) Lansomepi Revenue village, Mr. Haring Tisso (SGB) Cherimthepi Revenue village and Mr. Olios Teron (SGB) Rongtarme Revenue village, the village Gaonburas (GBs) and the PAPs. The day's programme was Chaired by Mr. Hemari Timung, President PAPA-LKHEP Karbi Anglong and the Welcome addressed and object of the meeting was briefed by Mr. Kennedy Enghee, Secretary PAPA-LKHEP. Mr. Abraham Teron briefed the gathering on the opportunities and provision for skill development and other agri & allied activities for their livelihood restoration under the CRTDP – LKHEP. The trade option as per the qualification and area of interest may be selected by the proposed trainees in consultation with their families' member and livelihood expert from the NGO. The training will be focused on skill based, applicability and enhancement of their capacity for improving their income and livelihood options for the youth. Mr. L.P Singh, Social

Development Expert highlighted the importance of participating in the skill training so that the individuals empowered with special skill full and grab the opportunity in the Government department, private sector or self employment. The tentative list of trainees for various trade prepared PAFs/PAPs in the meeting. The signing of the identity card by PAFs followed after the discussion which is linked to selection of trainees from PAFs and for disbursement of R&R. The meeting ended with a vote of thanks by the Secretary PAPA.

Report of the Consultation

Date of Programme:	28.01.2023
Total Participants	Female- 17 Male- 04 Total - 21
Place of Meeting	Cherimthepi, Karbi Anglong.
Purpose of Meeting	Awareness program with adolescents' girls and women on health and hygiene

C. Agenda of the meeting-

S.No.	Agenda
1.	Discussion on the health and hygiene and nutritional aspects of adolescent's girls and women.

Minutes of Meeting-

The event was organized in two different locations of Dima Hasao and Karbi Anglong.

The Awareness programme on Health and Hygiene for Girls students sensitized in health (nutrition), hygiene, menstrual hygiene and safe disposal practices (100% schools with girl students covered in project area).

The Awareness Program was scheduled for two venues namely Cherimthepi and Rongtarme Village (under Langsomepi revenue village) and the program was successfully conducted. In Karbi Anglong under the LKHEP – CRTDP project area there is not any high school or M.E School, therefore, high school going girls' students are not available in the village. The program was targeted for teenage girls, school dropout girls and young married women of the villages so that the aspects of the program to be benefitted to the female population of project affected area.

The programme was organised on 28.01.2023 at Cherimthepi in the morning from 10am to 12noon and at Rongtarme (revenue village Langsomepi) from 1p.m. to 3.p.m.

1st session – Cherimthepi village (10am – 12noon)

The programme started as per scheduled and attended by PAPA President and Secretary,

village headman, Officials from Zirikindeng Block Primary Health Centre (ZBPHC) Mr. Sanjay Rongpi, NDCVP along with the Resource Person Mrs. Phom Taron, GNM from ZBPHC and from the NGO Mrs. Sumana Das, Abraham Teron, Narayan Kalita and Rupak Debnath attended the programme.

The whole sessions had two sessions one was about health and hygiene in general and the second one was in specific to women health and hygiene.

The NGO staff welcomed the Resource person Mr. Zirikindeng from Block Primary Health Centre (ZBPHC).

The objective of the awareness programme was shared by Mrs Sumona Das covering various aspects of development including R&R, livelihood & skill development, and importance of women's participation. The Resource Person Mrs. Phom Taron, GNM from Zirikindeng Block Primary Health Centre (ZBPHC) took the session on Health and Hygiene for girls, young married women and sensitized on health (nutrition), hygiene, menstrual hygiene and safe disposal practices.

She discussed on various aspects of menstrual health and sanitation, the parts of body related to menstrual health and the importance of maintaining hygienic, the period of cycles and duration, the health issues associated with menstrual health, social taboos, role of family and society in dealing with these issues and how unhygienic health condition can lead to other major health issues. Thus, she emphasized on how proper knowledge on health and hygiene can ensure a healthy life and healthier society.

It was an interactive session where the participants also interacted and participated and raise their queries and concerns.

The programme session was ended with vote of thanks by the facilitator.

 - i. JVS no. 0148, Cremation ground, Borolongku village on the bank of Longku stream under Sri. Sarbura Terang (GB), Compensation paid.
 - ii. JVS no. 0020, Cremation ground, Choto longku village on the bank of Longku stream under Sri. Sing Ingty (GB), Compensation paid.
 - iii. JVS no. 0333, Cremation ground, Munghеле village on the bank of Longku stream under Sri. Ningkreng Ingty (GB), Compensation paid.
 - iv. JVS no. 1281, Cremation ground, Sokpuru village on the bank of Sokpuru Nala under Sri. Naya Basumatary (GB), Compensation paid.
 - v. JVS no. 38, Rongker site (Religious ritual site), Tortelangso village, under Sri. Sing Teron (GB), Compensation paid.
 - vi. JVS no. 15, Rongker site (Religious ritual site), Longku-II village, under Sri. Birensing Ingty (GB), Compensation paid.
 - vii. JVS no. 0738, Community Fishery, Lorulangso village, under Sri. Lorence Terang (GB), Compensation paid.
- (3) The Gaonbura's of Lorulangso village Mr. Hemari Dera brought out for discussion that the road connecting Lorulangso, Munghеле, Wapradisa and Longkupur village will be submerged at one location and would remain totally cut off, and he requested for conducting of joint survey and verification and proposed for starting of bridged construction so that it doesn't interrupt the lifeline of these villages.

- (4) Local Area Development Programme: Regarding local area development, programme and its provision were highlighted and were discussed in details by Mr. L.P Singh, Social development Expert. The GBs decided to hold a consultative meeting with their respective villagers on need base and on priority basis for common benefits and the propose activity list will be submitted and discussed in the next coming coordination cum consultation meeting.
- (5) Livelihood and skill training: Livelihood and skill training was discussed and the NGO inform that the training proposal with financial allocation was submitted for approval and on the obtaining of approval the training for different trade will be started. The members in the meeting requested if the duration of training of each trade could be provided so that each participants can plan out and mentally prepared for the training. The NGO assured that once everything is scheduled it will be displayed in the NGO office and also will discussed during the coordination cum consultation meeting.
- (6) Signing of Identity Card by PAFs: The NGO request the GBs, PAPA and PAFs for signing of ID card and training participants will be selected from those who signed the ID card. GBs, PAPA president and PAFs expressed their unwillingness to signed the ID card until some grievance are addressed and request not to linked the ID card with the training. The NGO asked them to give in writing for their unwillingness to signed the ID card but not on a verbal communication for further necessary action.

The meeting ended with the vote of thanks by the President.

4.	Discussion on Gender participation

Minutes of the meeting-

The Stakeholder Consultation meeting with PAFs by ADB monitoring team, APGCL and NGO was held at Dimalongku village under Dima Hasao on the 01.04.2023. The meeting started with the Welcome address by the Headman of the village and followed by self introduction by the community and the visitors.

The team discussed during the meeting on the community constraints and challenges faced in the course of project implementation and to take the maximum benefit of the Project. The status of project implementation process such as coverage and progress of Socio-economic survey of PAFs, women participation in the project implementation process, preparation of Micro Plan for bonafide PAFs etc. The ADB team highlighted and gave the awareness to judiciously used of the R&R amount for sustaining their livelihood and income generating activities and for ensuring proper education of their children. It was also discussed on how they have used the land compensation amount for productive requirements.

The Community also raised their concern regarding submerged areas and whether they will have to relocate or not. In case of yes, they also requested for a written information and instruction to be mentally ready for shifting of their assets and belongings. Otherwise they can go ahead with the constriction of their pucca houses.

The ADB team also discussed about the provision of Local Area Development facilities and asked the community to identify the activity which will be benefitted by the communities and also Training on skill upgradation of the trade of their choice for their livelihood enhancement and sustainability will be provided from the project.

The interaction also focused on project implementation status and participation of the Project Affected Persons of Dimalongku. The ADB Team enquired and discussed about the changes and status of their improvement of the livelihood if any after the project intervention. The team also had an open discussion on the status of before and after the project intervention, community participation in the project, women participation in the project and the level of understanding and awareness of the project.

The meeting ended with the vote of thanks by the Village headman.

Report of the public consultation

Date of Report:	12.05.2023
Venue	Cherimthepi
Purpose of Meeting	Public consultation meeting on Resettlement & Rehabilitation (R&R), Livelihood skill training and facilitation of PAFs Identity card signing

Agenda of the meeting-

SL. No.	Agenda
1.	Resettlement & Rehabilitation (R&R)
2.	Livelihood skill training
3.	Facilitation of PAFs Identity card signing

Minutes of the meeting-

The Public consultation and awareness programme on Resettlement & Rehabilitation (R&R), livelihood skill training and facilitation of PAFs in identity card signing was held at residence of the headman at Cherimthepi village.

The Social Development Expert Mr. L.P Singh briefed the purpose of the visit and thanks the headman, PAPA President & Secretary and the project affected families for attending the meeting. Mr. Singh pointed out that the R&R will be given to all the title holders and for which all required documents should be provided. The R&R would be given to only one member of the family for the same project (CRTDP), those who have already received the R&R in Dima Hasao will not be entitled in Karbi Anglong. The team also made awareness on how to use their land compensation and the R&R amount judiciously and where to invest, so that this would give them a turning point in their life and livelihood to enhance their income and restore their livelihood.

The team gave awareness on skill development & livelihood training and the different trade and option available. The opportunities and income sources after completion of training which would enhance their skill and income for their livelihood were also described. So, requested all the eligible youths and person of the village to take the advantage of the programme and advise the PAFs to actively support and encourage their ward for their participation. Awareness on local area development issue was given and asked to plan out and prioritize development plan at the village level that would benefit all household of the village.

Team also briefed the participants on signing of the identity card, its benefit and link to the skill development programme. 80 PAFs approved by the APGCL signed the Identity Card.

The NGO team comprising Mr. L.P Singh – Social Development Expert, Mr. Abraham Teron – Assistant Communication Specialist and field coordinators - Mr. Narayan Kalita, Mr. Karuna Bora, Mr. Pribon Bodo and Mr. Rupak Debnath Office Assistant cum Field Coordinator visited the village and attended the programme.

Report of the Consultation

Date of Program	31.05.2023
Place of Meeting	Rongtarme (Langsomepi)
Purpose of Meeting	Consultation meeting on Local Area Development implementation of CRTDP with the SGB, GB, SMC, Headmaster, village elders and PAPA-LKHEP Members and NGO Team as per agreed action points of the felicitation committee meeting held on 18.05.2023 and vide letter CR/APGCL/LKHEP/33/2023-24, dated 30.05.2023.

Agenda of the meeting-

SL. No.	Agenda
1.	Discussion on Local Area Development
2.	Surveying of village
3.	Surveying of School status

Minutes of the meeting-

The village Consultation meeting on Local Area Development and implementation of CRTDP with the Sarkari Gaonbura (SGB), Gaonbura (GB), School Managing Committee (SMC), Headmaster, village elders, PAPA-LKHEP President and Secretary was held on 31.05.2023 at Rongtarme village. The programme was conducted as per agreed action points of the facilitation committee meeting held on 18.05.2023 at Engineer's Hostel, Longku, Dima Hasao vide letter CR/APGCL/LKHEP/33/2023-24, dated 30.05.2023.

At first the meeting was held at village level with the Sarkari Gaonbura (SGB), Gaonbura (GB), School Managing Committee (SMC), village elders and PAPA-LKHEP President & Secretary and the NGO and discussed the matter related to Housing pattern, HHs Sanitary latrine status,

drinking water facilities, electricity, road connectivity etc. Along with the discussion the key points are captured and recorded in the village level local area development survey format.

There are two lower primary (L.P) Schools in Rongtarme I & II. The meeting was held separately there. First the Meeting was held with the Rongtarme – II L.P School Headmaster, Sarkari Gaonbura (SGB), Gaonbura (GB), School Managing Committee (SMC) President, village elders and PAPA-LKHEP President and Secretary. The Headmaster and SMC expressed the lack of drinking water facilities and sanitary latrine, lack of proper desk & bench, staff room and proper black board etc. After the meeting at Rongtarme – II School, the meeting held with the Rongtarme-I, L.P School Headmaster, Sarkari Gaonbura (SGB), Gaonbura (GB), School Managing Committee (SMC) President, village elders and PAPA-LKHEP President and Secretary. The Headmaster and SMC expressed the lack of drinking water facilities, sanitary latrine, desk & bench, staff room and black board etc. Along with the discussion the key points are captured and recorded at the survey format for data survey report preparation.

The NGO team comprising Mr. Abraham Teron – Assistant Communication Specialist, and field coordinators - Mr. Narayan Kalita, Mr. Karuna Bora and Mr. Rupak Debnath visited the village.

Report on the awareness programme on health and hygiene

Date of Report:	04.06.23
Place of Meeting	Disabra and Borolongku, Dima Hasao
Purpose of Meeting	Awareness programme on Health and Hygiene for Girls student sensitized in health (nutrition), hygiene, menstrual hygiene and safe disposal practices was conducted as part of implementation of Gender Action Plan (GAP) activities at Lower Kopili Hydro Electric Project (LKHEP)

Agenda of the meeting

Sl. No.	Agenda
1.	Awareness programme on Health and Hygiene for adolescent girls student sensitized in health (nutrition), hygiene, menstrual hygiene and safe disposal practices

Minutes of the meetings

Schedule of the Meeting:

- 1) Morning: Disabra 11:30 am – 1:30 pm: Disabra
- 2) Evening: Borolongku 2:00 pm – 2:30 pm: Borolongku

Description of the program conducted

1) Disabra Village

The programme started as per scheduled and attended by village headman, along with the Resource Person Mrs. Heguayile Riame, ANM from Longku Health and Wellness Centre along with the CRADLE staff members. Mrs. Gita Jidung women representative of Disabra village started off with the welcome address followed by the objective sharing by Mrs. Sumana Das. She also highlighted and about the CRTDP–LKHEP covering social development aspects, health development, R&R, livelihood & skill development and gender aspects to the participants. The awareness program was divided into two sessions. The first session was dedicated to general health and hygiene and second session was dedicated to women health and hygiene. The adolescent girls and women from the villages participated in the program. Ms. Sumana Das described and discussed the importance of women health and hygiene. The next session was conducted by Mrs. Sumana Das on health and hygiene and also sensitizing them

on gender gaps and their roles in preventing them. While referring to ADB's Gender Action Plan she talked about the importance of gender equality and healthy lifestyle while focusing on personal hygiene and environmental hygiene. As the prevalence of dengue is very high in these areas they were sensitized on its prevention and how to lead a healthy lifestyle while keeping the environment also clean

The resource person Mrs. Heguayile Riame, took the session about creating awareness on health and hygiene for teenage girls, young married women covering the major aspects of it. The discussion covered topics such as menstrual health and hygiene, the body parts related to menstrual health and the importance of maintaining hygiene during the menstruation period, the problems related to menstrual health. The social stereo types associated with menstruation was also discussed and how these challenges can be overcome as these are hindrances to women empowerment.

It was an interactive session with participants as they also shared their individual experiences. Towards the end some participants interacted with the ANM in the local dialect and clarified their doubt on menstruation cramps and other issues they face.

Thus, the programme ended with vote of thanks by the facilitator.

Report of the consultation

Date of Report:	13.06.2023
Venue	Cherimthepe
Purpose of Meeting	Public consultation meeting on Resettlement & Rehabilitation (R&R), Livelihood skill training and facilitation of PAFs Identity card signing

Agenda of the meeting-

SL. No.	Agenda
1.	Resettlement & Rehabilitation (R&R)
2.	Livelihood skill training
3.	Facilitation of PAFs Identity card signing

Minutes of the meeting-

The meeting was chaired by Mr. Hernari Timung President PAPA Karbi Anglong, the welcome address is given by him while sharing the agenda to the participants. The Secretary gave detail of the meeting and to comply with as per norms and requirement of the project so that all title holders will not be left out and complete the exercise on time.

The Public Consultation meeting on non-submission of bank statement, legal heir: proof of receiving of land compensation, Local Area Development, Skill development training was discussed during the daylong meeting. Mr Abraham Teron from CRADLE cited that around 24 PAFs have not submitted the bank statement or any proof of receiving of land compensation which is creating problems in preparation of the micro plan for submission to APGCL for approval and disbursement of the onetime R&R assistance to title holder. It was requested to submit the required document as early as possible so that work does not delay, PAFs those who received their land compensation in their account to furnished their bank statement and those who received by Gash may be get certified from the Competent KAAC authority, and if anyone received their compensation through other person account due to not having account to be certified from the Competent KAAC authority so that all rightful and eligible PAFs get their entitlements.

Mr. LP Singh — Social Development Espert also spoke on the same issues and also stressed on the important and benefits of active participation in the upcoming skill development training programme which will begin shortly_ The Local area development activities those are prescribe by the project document such as school development, Common toilet school furniture's and equipment etc. will be implemented once the prioritization and need base assessment is completed with consultation with the affected villages. Mr. Singh discussed on the judicious used of the R49.IR amount received for productive purposed for their livelihood development and sustainability of their income sources. The letter regarding submission of all pending and required documents was served to all the 24 PAFs and to compile accordingly within the time frame.

The meeting ended with a vote of thanks by the Secretary.

Date: 24/1/2023

MINUTES OF THE MEETING OF GRC TIER-II, HELD ON 24th JANUARY 2023

The proceedings of the 2nd GRC meeting of Tier II of 120 MW Lower Kopili Hydro Electric Project, held on 24th January 2023 at 11.30 AM at Engineer's Hostel, APGCL, Longku, Dima Hasao, regarding discussion of 159 pending cases against claim of compensation of land and properties. The meeting was presided over under the presidentship of GRC Chairman, Er. Dilip Kumar Das, GM LKHEP Longku.

At the very outset, all the members were welcomed by the Chairman of GRC Tier-II and highlighted the objectives of the meeting and briefly presented the summary statement of the Tier-II grievances.

Summary statement of the 2nd Tier GRC, Held on 24 Jan 2023				
Sl. No.	Particulars	Area/No		Remarks
1	Total Land required for LKHEP Project in Dima Hasao district	909	Ha	No of persons 1376 have already received their respective compensation amount for land and Jirat
2	Total Compensation paid	909	Ha	
3	Amount paid against compensation of land and assets	45	Cr	
4	Total Pending Grievances till date after 2nd Tier first GRC meeting held on 29th August 2022	159	No	Submitted to NCHAC Council for verification
		726	Bigha	
5	Recommended by Council for consideration	4	No.	after verification, these are recommended for consideration to Tier-III GRC
6	Land against above claims (3.5 ha)	26	Bigha	
7	Land plot claimed for compensation couldn't be verified, as per council's observations and advised not to consider (93.55 ha)	155	No	after verification, those are closed/resolved.
		700	Bigha	
8	Pending grievances as on 24th Jan 2023	Nil		

After threadbare discussion with the members present in the meeting the following resolutions were taken at:

1. There were 159 Nos. grievances pending after the first Second Tier GRC meeting held on 29/08/2022. The officials of the Revenue Department, NCHAC has verified the grievances and submitted its report to the Secretary i/c, Revenue, NCHAC, on 5th January 2023 for further action.

Dilip

O/o the General Manager, Lower Kopili Hydro Electric Project, APGCL, Longku, Dima Hasao

2. Accordingly, undersigned and the Secretary, LKHEPAPA met with the Secretary Revenue, NCHAC, on 10th January 2023 in his office chamber in Haflong and discussed with all aspects of the 159 grievances. Out of all verified grievances, only 4 grievances have been considered for further action.
3. The Tier-II GRC in its sitting, held on 24th January 2023 chaired by the GM, LKHEP Longku and disclosed the observations on the 159 grievances as submitted by Revenue Department NCHAC. Out of total enlisted 159 Nos of grievances, 4 (four) Nos of grievances were recommended for further action to Tier-III GRC.
4. Now the members of the committee, based on the recommendation of the Revenue Secretary NCHAC, these 4 (four) grievances have forwarded to Tier-III GRC and remaining 155 grievances were examined and closed.
5. Further, the Secretary and President of LKHEPAPA also claims for compensation against the land and properties as there are still some persons who might have been left out to obtain the same. The GRC suggested to lodge their grievances if any, through the proper channel, which will be reviewed as per the existing procedure.
6. Annexure-1: Photos of the meeting and Annexure 2: Attendance are enclosed.

Meeting ended with vote of thanks.

Dilip Kumar Das

Brief Report on Awareness programme on health and hygiene for adolescent girls organised.

Venue:

- (1) Chotolongku Village Community Hall, Dima Hasao, Assam
- (2) Community Health and Wellness Center, Longku Dima Hasao and
- (3) NGO office

Date: 16.01.2023

The programme started as per scheduled on day one dated 16th January 2023 at Chotolongku village. The whole awareness programme was conducted by Mrs. Sumana Das, Communication Specialist, and the programme started with a welcome addressed by the Mahila Samiti secretary, Gita Engti and followed by communication Specialist gave the introduction of all the officials' **and** The ANM present in the meeting.

The floor was addressed by the Resource Person Mrs. Bistley Timungpi, ANM, of CHC, along with Mrs. Kale Ronghangpi ASHA from Longku H&WC, took a session on Health and Hygiene for the participants and sensitized in health (nutrition), hygiene, menstrual hygiene, and safe disposal practices. She discussed on Menstrual Health and Sanitation, the parts of body related to menstrual health and the importance of maintaining hygienic, the period of cycles and duration, the problems related to menstrual health, discuss the tribal practice related with social taboos, family and issues considering the menstrual period, and was also discussed on important of women health as one of the major concerns for the society. She explained the disease among women is due to unhygienic health condition, proper knowledge on health and hygiene ensures proper sanitation which determines prosperity in a society.

Mrs. Sumana Das, Communication Specialist took a session on Health and Hygiene for Girls were sensitized in health (nutrition), hygiene, menstrual hygiene, and safe disposal practices as part of implementation of Gender Action Plan (GAP) activities at Lower Kopili **Hydroelectric Project (LKHEP)**. She discussed on **ADB's Gender Action Plan, gender equality** and Healthy lifestyle by focusing personal hygiene and environmental hygiene. Personal hygiene is most important in daily life such as regular brushing, bathing, washing, washing of cloths etc. and maintenance of environmental hygiene such as free from contaminated water, clean surrounding, clean rooms, clean socialization etc.

Some participants interacted with the nurse in the local language and discussed about the remedies on pain in menstruation and other issues.

The programme session ended with vote of thanks by the programme facilitator.

The total participants in the program were 89 women and girls of two adjacent villages.

Brief Report on Awareness programme on Health and Hygiene

Venue:

- (1) Cherimthepe; and
- (2) Rongtarme in Karbi Anglong District

Date: 28.01.2023

The Awareness programme on Health and Hygiene for Girls students sensitized in health (nutrition), hygiene, menstrual hygiene and safe disposal practices (100% schools with girl students covered in project area) was conducted as part of implementation of Gender Action Plan (GAP) activities at Lower Kopili Hydroelectric Project (LKHEP), the programme was Organised by Assam Power Generation Corporation Limited (APGCL) and conducted by Consultants for Rural Area Development Linked Economy (CRADLE) under the Implementation of Combined Resettlement and Tribal Development Plan (CRTDP) of Lower Kopili Hydro Electric Project in Dima Hasao and Karbi Anglong Districts of Assam. The Awareness Program was scheduled for two venues namely Cherimthepe and Rongtarme Village (under Langsomepe revenue village) and the program was successfully conducted. In Karbi Anglong under the LKHEP – CRTDP project area there is not any high school or M.E School, therefore, high school going **girls'** students are not available in the village. The program was targeted for teenage girls, school dropout girls and young married women of the villages so that the aspects of the program to be benefitted to the female population of project affected area. The programme was organised on 28.01.2023 at Cherimthepe in the morning from 10am to 12noon and at Rongtarme (revenue village Langsomepe) from 1p.m. to 3.p.m.

Morning: Cherimthepe 10am – 12noon:

The programme started as per scheduled and attended by PAPA President and Secretary, village headman, Officials from Zirikindeng Block Primary Health Centre (ZBPHC) Mr. Sanjay Rongpi, NDCVP along with the Resource Person Mrs. Phom Taron, GNM from ZBPHC and from the NGO Mrs. Sumana Das, Abraham Teron, Narayan Kalita and Rupak Debnath attended the programme. The awareness program was divided in two sections. The section was dedicated to general health and hygiene and second section was dedicated to women health and hygiene. The second section was participated by women only and addressed by Ms. Sumana Das and Mrs. Phom Taron. Mr. Kennedy Enghi gave the welcome address to the NGO team, Participants, and the Resource person from the medical department - Zirikindeng Block Primary Health Centre (ZBPHC). After the welcome Address Mrs. Sumana Das, Communication Specialist, gave the object of the awareness programme and about the CRTDP – LKHEP covering social development, health development, R&R, livelihood & skill development, and gender aspects etc. The Resource Person Mrs. Phom Taron, GNM from Zirikindeng Block Primary Health Centre (ZBPHC) took a session on the main Awareness programme on Health and Hygiene for Girls students, teenage girls, young married women sensitized in health (nutrition), hygiene, menstrual hygiene and safe disposal practices. Report of the Consultation

Date of Programme:	01.04.2023
Place of Meeting	Dimalongku, Dima Hasao, Assam
Purpose of Meeting	Stakeholder Consultation meeting with PAFs by ADB monitoring team. APGCL and NGO.

A. Agenda of the meeting-

S.No	Agenda
1.	Discussion on status of project implementation, Relocation and Resettlement matter
2.	Discussion on project awareness by PAFs
3.	Discussion on Socio economic survey and R&R payment status
4.	Discussion on Gender participation

Minutes of the meeting-

The Stakeholder Consultation meeting with PAFs by ADB monitoring team, APGCL and NGO was held at Dimalongku village under Dima Hasao on the 01.04.2023. The meeting started with the Welcome address by the Headman of the village and followed by self-introduction by the community and the visitors.

The team discussed during the meeting on the community constraints and challenges faced in the course of project implementation and to take the maximum benefit of the Project. The status of project implementation process such as coverage and progress of Socio-economic survey of PAFs, women participation in the project implementation process, preparation of Micro Plan for bonafide PAFs etc. The ADB team highlighted and gave the awareness to judiciously used of the R&R amount for sustaining their livelihood and income generating activities and for ensuring proper education of their children. It was also discussed on how they have used the land compensation amount for productive requirements.

The Community also raised their concern regarding submerged areas and whether they will have to relocate or not. In case of yes, they also requested for a written information and instruction to be mentally ready for shifting of their assets and belongings. Otherwise they can go ahead with the constriction of their pucca houses. The ADB team also discussed about the provision of Local Area Development facilities and asked the community to identify the activity which will be benefitted by the communities and also Training on skill upgradation of the trade of their choice for their livelihood enhancement and sustainability will be provided from the project.

The interaction also focused on project implementation status and participation of the Project Affected Persons of Dimalongku. The ADB Team enquired and discussed

about the changes and status of their improvement of the livelihood if any after the project intervention. The team also had an open discussion on the status of before and after the project intervention, community participation in the project, women participation in the project and the level of understanding and awareness of the project.

The meeting ended with the vote of thanks by the Village headman.

Report of the public consultation

Date of Report:	12.05.2023
Venue	Cherimthepi
Purpose of Meeting	Public consultation meeting on Resettlement & Rehabilitation (R&R), Livelihood skill training and facilitation of PAFs Identity card signing

Agenda of the meeting-

SL. No.	Agenda
1.	Resettlement & Rehabilitation (R&R)
2.	Livelihood skill training
3.	Facilitation of PAFs Identity card signing

Minutes of the meeting-

The Public consultation and awareness programme on Resettlement & Rehabilitation (R&R), livelihood skill training and facilitation of PAFs in identity card signing was held at residence of the headman at Cherimthepi village.

The Social Development Expert Mr. L.P Singh briefed the purpose of the visit and thanks the headman, PAPA President & Secretary and the project affected families for attending the meeting. Mr. Singh pointed out that the R&R will be given to all the title holders and for which all required documents should be provided. The R&R would be given to only one member of the family for the same project (CRTDP), those who have already received the R&R in Dima Hasao will not be entitled in Karbi Anglong. The team also made awareness on how to use their land compensation and the R&R amount judiciously and where to invest, so that this would give them a turning point in their life and livelihood to enhance their income and restore their livelihood.

The team gave awareness on skill development & livelihood training and the different trade and option available. The opportunities and income sources after completion of training which would enhance their skill and income for their livelihood were also described. So, requested all the eligible youths and person of the village to take the advantage of the programme and advise the PAFs to actively support and encourage their ward for their participation. Awareness on local area development issue was given and asked to plan out and prioritize development plan at the village level that would benefit all household of the village.

Team also briefed the participants on signing of the identity card, its benefit and link to the skill development programme. 80 PAFs approved by the APGCL signed the Identity Card.

The NGO team comprising Mr. L.P Singh – Social Development Expert, Mr. Abraham Teron – Assistant Communication Specialist and field coordinators - Mr. Narayan Kalita, Mr. Karuna Bora, Mr. Pribon Bodo and Mr. Rupak Debnath Office Assistant cum Field Coordinator visited the village and attended the programme.

Report on the awareness programme on health and hygiene

Date of Report:	04.06.23
Place of Meeting	Disabra and Borolongku, Dima Hasao
Purpose of Meeting	Awareness programme on Health and Hygiene for Girls student sensitization in health (nutrition), hygiene, menstrual hygiene and safe disposal practices was conducted as part of implementation of Gender Action Plan (GAP) activities at Lower Kopili Hydro Electric Project (LKHEP)

Schedule of the Meeting:

1. Morning: Disabra 11:30 am – 1:30 pm: Disabra
2. Evening: Borolongku 2:00 pm – 2:30 pm: Borolongku

Description of the program conducted.

1) Disabra Village

The programme started as per scheduled and attended by village headman, along with the Resource Person Mrs. Heguayile Riame, ANM from Longku Health and Wellness Centre along with the CRADLE staff members. Mrs. Gita Jidung women representative of Disabra village started off with the welcome address followed by the objective sharing by Mrs. Sumana Das. She also highlighted and about the CRTDP-LKHEP covering social development aspects, health development, R&R, livelihood & skill development and gender aspects to the participants.

The awareness program was divided into two sessions. The first session was dedicated to general health and hygiene and second session was dedicated to women health and hygiene.

The adolescent girls and women from the villages participated in the program. Ms. Sumana Das described and discussed on the importance of women health and hygiene. The next session was conducted by Mrs. Sumana Das on health and hygiene and also sensitizing them on gender gaps and their roles in preventing them. While referring to ADB's Gender Action Plan she talked about the importance of gender equality and healthy lifestyle while focusing on personal hygiene and environmental hygiene. As the prevalence of dengue is very high in these areas they were sensitized on its prevention and how to lead a healthy lifestyle while keeping the environment also clean

The resource person Mrs. Heguayile Riame, took the session about creating awareness on health and hygiene for teenage girls, young married women covering the major aspects of it. The discussion covered topics such as menstrual health and hygiene, the body parts related to menstrual health and the importance of maintaining hygiene during the menstruation period, the problems related to menstrual health. The social stereo types associated with menstruation was also discussed and how these challenges can be overcome as these are hindrances to women empowerment.

It was an interactive session with participants as they also shared their individual experiences.

Towards the end some participants interacted with the ANM in the local dialect and clarified their doubt on menstruation cramps and other issues they face. Thus, the programme ended with vote of thanks by the facilitator.
